Hall Carpets, Stair Carpets, Bedroom Carpets, Dining Room Carpets, Parlor
Carpets, Drawing Room Carpets, Library Carpets, Church Car-
pets, Hotel Carpets, or any other kind of Carpets.

Cocoa Matting, Hall and Passage Matting, Twine Matting, Hemp Carpets, Union
Carpets, Wool Carpets (2 and 3 ply), Tapestry Carpets, Brussels Carpets; Wil-
ton Carpets, best assortment, lowest prices. Rooms and Halls measured,
diagrammed and fitted to perfection, Carpets carefully cut, well made,
and put down when required.

CURTAINS

Is another thing we do well in. White, Cream, Coffee, Madras, Raw Silk and Chenille,
from 45 cents to \$15 per pair, and guaranteed the best value in this section of country.
Several styles confined to ourselves. A large assortment of Smyrna Rugs and Mats,
Plain Cocoa Mats, Cocoa Mats with fancy centre, and Cocoa Mats with mud scrapers
attached.

MILLINERY

Is something in which we excel and we are proud of the efficiency of our Millinery depart-
ment this season. MISS O'CONNOR will please anybody who can be pleased, and if
you patronize her for your Millinery you may be sure of getting something stylish, hand-
some, tasty and becoming, in fact she will not let you have anything that isn't becom-
ing. New hats every morning by express.

Dress Goods.—Several new makes of stylish, handsome goods, full
lines of trimmings to match.

Silks and Satins, we are particularly strong in, and are in a position
to show you a finer assortment at lower prices than you can find anywhere outside
the large cities, but what is the use of particularizing, we haven't the time or space to
go into the several departments and devote to them the attention they deserve, but we
may say you can depend upon the value of every article we deal in, our goods are
bought for cash, and therefore at the lowest possible prices; we sell lots of goods at the
prices other houses pay for them and make a fair profit.

in the limits of this Municipality, between
the 15th day of March, and the 1st day of
November, except in pens 70 feet from any house.
Any infraction of the above will subject
the defaulter to a penalty and costs.
Information as to dumping ground for re-
fuse, &c., can be obtained from Mr. George
Ganyon, Sanitary Inspector.

By order of the Board of Health,
ROBERT N. IRVINE,
Secretary.

TO BARBADOS.

A glamour ever hangs around
The fair land of my birth,
Where'er I roam it ever seems,
The brightest spot on earth.
Even as the faithful Moslem hopes,
His holy shrine to see,
With like devotion, lovely life,
My heart still fondly turns to thee.
I long have wandered far away,
I've crossed the ocean's foam;
But my thoughts will ever cling to thee,
My dear loved childhood's home.
I call to mind thy sunny skies,
Thy bay and valleys green,
And memory before me spreads
Each well remembered scene.
How oft beneath the grape trees' shade,
Which deck thy coral strand,
I've watched the curling breakers dash
Against the snow white sand.
And sporting 'mid the azure waves
A merry band is there,
It seems as tho' their happy laugh,
Yet rings upon my ear.
Thou' hope has fled, and troubles too
Have fallen thick and fast;
Yet round my heart still green and fresh
Twine memories of the past.
Yes, there's a glamour hangs around
The fair land of my birth,
And when I roam it ever seems,
The brightest spot on earth.

T. G. P.

NAVIGATION NOTES.

The barges Bedford and Isis have been
up on the marine railway undergoing re-
pairs.

The strait, Princess Louise arrived on
Saturday to undergo repairs on the marine
railway.

The schr. Pilot, Capt. Barnhart, was the
first vessel to arrive in Picton with a cargo
this season.

Capt. Gowan of the Resolute encountered
large fields of ice on the trip from Oswego
on Tuesday night.

A large force of joiners are employed on
the Chloa at present, and the work is mak-
ing great headway.

The schr. Greating arrived on Saturday
from Oswego and went on to Eagle Mill
to load lumber.

A handsome little yacht will soon arrive
to be used by Supt. Maloney in the log
ponds of the Rathbun Company.

The Varuna, Capt. Fox, is on her route
—no more saucy craft on the bay waters,
even ready to show her heels to any com-
petitor.

Capt. McNamara, a reliable navigator,
will command the Puritan. She left on
Wednesday with a mixed cargo for King-
ston.

The Resolute and Reliance both cleared
for Oswego on their first trip on Thursday
evening of last week. They returned to
Deseronto on Sunday morning.

The strait, Geneva arrived on Monday
night from Kingston for repairs. She will
run this season between Gananoque, Clayton
and Alexandria Bay. She is a neat little
craft.

A gentleman counted twenty-five vessels
in the port on Tuesday last. Deseronto is
the greatest shipping port between Kingston
and Toronto, and yet not one dollar has
been ever spent by government on our
harbor, a state of things very different from
Cobourg, Belleville and a host of other
places.

THE HERO.

This popular steamer arrived here on
Saturday evening on her way to Belleville
and is now running on her regular route.
The Kingston News says—"The Hero was
never in better shape for the summer's work.
Last year her hull was put in prime con-
dition; this year her upper works have been
thoroughly attended to, the boiler has been
rebuilt and is as good as when fresh from
the shops, the cylinder bored out, the
wheels rebrashed and the entire machinery
over-hauled so completely that an appreci-
able increase in the steamer's speed is antici-
pated. An important improvement is
noticed in the forward stairway, which has
been much enlarged and will greatly facili-
tate the rapid unloading of the steamer
after excursions, a performance which
usually consumed a full-hour when the
saloon stairs alone were available. Besides
these main renovations, the saloon and state-
rooms have been newly and handsomely
carpeted, the dining department embellished
an addition made to the smoke stack which
improves the steamer's appearance wonder-
fully, and, in fact, the whole boat put in
A 1 order. Her officers for the year are as
follows—Captain, C. H. Nicholson; mate,
W. Bloomfield; purser, W. Thompson; lat.
engineer, Gilbert Johnston; 2nd engineer,
J. Hickey; steward, Joseph Tilton.

PUBLIC SCHOOL.

The following are the names, given in
order of merit, of the pupils who obtained
the highest number of marks in the Sixth
Department, Deseronto Public School, for
the month of April, Miss Craig, Teacher.

Fourth Class.—Mary Maracle, John Jamie
son, Kate Maracle, Mary Brough, Harry
Cole, Charlie Baker, Harry Jackson, Arthur
Morrison.

Third Class.—Frank Vance, George
Edwards, Frank Butler, Nelson Jackson,
Charlie Walker, Wilbert Woodcock,
Florence Carter, Ada Wilderding.

Public on Honor Roll for April in 4th Dept.
Public School, Teacher, Miss Jessie Porter.
Senior Class.—Violet Smith 920, Fanny
Mawell 690, Fred McKelvey 670, Mabel Knapp
650, Margery Barrow 630, Allie Vander-
voort and Willie Kenny, equal, 600.

Junior Class.—Pearl Smith 910, Fred
Harvey 810, Minnie Noble 720, Nellie Fretts
700, Maggie Jackson and Newbold Carter,
equal, 650, Elsie McConnell 650.

THE CEDAR MILL.

In no establishment in Deseronto have
greater changes been made during the past
few years than the Cedar Mill, which is
now a factory of which our people are justly
proud and to which it is a pleasure to
point the frequent visitor. The building
is large and spacious, the machinery new
and of latest design, and everything kept
in excellent order. The fire which destroyed
the shingle department last year proved,
as most fires generally do, a blessing in di-
guise, as a better structure has been erected,
giving the whole mill a more business-like
appearance. The Mill is now cutting day
and night and the output from this great
establishment is expected to reach monster
proportions by the end of the season. Dur-
ing the past winter a large new boiler was
purchased from Messrs. Inglis & Hunter, of
Toronto, and has been placed in position
under the supervision of Mr. Jas. A. Davis,
the Mechanical Superintendent of the Rath-
bun Company. Mr. Foster claims that it is
has now the best set boiler in Deseronto
and that the increased power increases the
efficiency of the mill in no small degree.

The staff of the mill has been re-organi-
zed and cannot be well surpassed. Mr.
Thos. Roach, Jr., so long connected with
this mill continues in his former position
of Superintendent, a post to which it is
unnecessary for us to state he is particu-
larly adapted. He is assisted by Mr. B.W.
Washburn, a well-known mill expert, and
John Hoppes, late of the Campbellville
Mills of the Rathbun Company, is in
charge at night of the big circular depart-
ment which has a staff of some twenty
men. Roach, Hoppes and Washburn
make a strong team, and there is little
doubt that former records will be beaten
this season. James Bell is an expert
mechanic, who spares himself neither day
nor night, is chief millwright, and admir-
ably succeeds in keeping the mill in good
running order. He is also assisted by
David Cooke who also keeps the bits in
good order. Robert Rusk and Joseph
Jones are head sawyers on the lower floor,
with S. Whaling and Thos. Bell as set-
ters. Chris. Cron and Edward Foote are lever
men upstairs on the cedar saws with Jason
Masters and Irvine Edgar, assistant. R.
Masters is fier, the Shingle Mill is well
equipped this season. Mr. Wm. Bick, who
has gained a reputation over the continent
for manufacturing the best shingles in
Canada, is superintendent of this inter-
esting department. James Gorman is
foreman on the upper floor, John Long,
flor, and Jesse Sils, beltman. R. Halli-
day's foreman on the second floor, or
jointer section, while Thos. Jones is in
command on the lower flat. Coming to
the engine and boiler room, Mr. Thos.
Burnett is chief engineer, and on duty in
the day time, while Wm. Bassett is night
engineer. Wm. Luffman, who has had
fifteen years experience in this mill, is
chief fireman, with John Rogers, a reli-
able man, on duty at night. In the yard
department, the veteran E. H. Cooke is
chief prover the right man in the right
place. He is ably assisted by a
trustworthy corps of assistants in the persons
of Joseph Dibble, Walter Stratton,
Thos. Hinchey and John Duggan. This
department gets through a great amount
of work in a business-like manner. The
yard is looking well having lately been de-
picted of much superfluous stuff, which
was shipped in the Resolute, Puritan,
steamer barge Scotia and consort Southampton,
and thirty-five cars, all of which were
loaded last week, thus giving an idea of
the great amount of work done in this
department. Joseph Barreau is the efficient
foreman of the log pond. Mr. J. Brien
is the chief of the blacksmith shop, while
the old reliable Robert Blake looks after
the carting and wood department. With
fine gangs of men under these foremen,
it is easy to predict a prosperous season
for this establishment.

PERSONAL.

Mr. E. J. Edwards spent last Saturday
in Belleville.

Mr. Edward Whitney, of the Empress,
has gone west.

Mr. Abijah Smith, of Brighton, was in
town yesterday.

Mr. W. H. Lake, of Picton, was in town
last Tuesday on business.

Miss Louisa Egart has entered on her
duties as cashier in the Big Store.

Mr. & Mrs. E. C. French returned home
from Toronto on Monday night.

Mr. Allan Strirling spent Sunday and
Monday in Deseronto.

Mrs. H. M. Deroche was the guest of
Mr. F. G. Dier on Tuesday.

Mr. Wm. Cron is now the efficient care-
taker of the Mechanics Institute.

Miss Long, of Peterboro, is assisting Mrs.
Dillon in her millinery department.

Mr. S. H. Simpson, of Northport, was in
town last Monday on business.

Mr. E. S. Grills, of Toronto, was in
town last week shipping cattle.

Mr. John Bartley is on a fair way to re-
covery from his recent accident.

Mr. Dennis Nelson, of Lonsdale, gave us
a pleasant call on Wednesday afternoon.

Mr. W. B. McMurich, of Toronto, spent
a few days in town during the past week.

Chief Koughtesth is preparing for a
grand summer campaign at the Thousand
Islands and will be followed by the best
wishes of very many friends in Deseronto.

FARM.

When the cattle are put on the grass too early both are injured.

The note that is not due till two years will be harder on you than the note due in a year.

The successful farmer is the one that makes ten per cent. on the money he has lost through mistakes.

None but a good farmer can make eight per cent. on borrowed money, and he is the last farmer to do it.

The horse with plenty of curycomb outside and oats inside doesn't show his ribs before midsummer.

What doth it profit a man if he keeps the weeds down on his farm and allows them to grow on the highway?

Bad-tempered cows, fast plows and weak fences ought to be evils unendurable, for they are not immovable.

It is a poor rule that men won't work both ways; nevertheless, both lending and borrowing are unprofitable.

The man who allows the rivulets to get his manure is always sure that the government is robbing the people.

Extend the house cleaning into the cellar, and make the work more thorough where shirking would be least seen.

Better have your heart in your work and eighty acres, than a quarrelsome section and be at odds with your neighbors.

There are now a hundred rivulets on the farm, yet it is cheaper to give the animals drink from a well protected from surface water.

It is a false notion that is responsible for the evil, that a cheap teacher is good enough for the summer term, because all the pupils are small.

It is better to take a little liver medicine than to grumble and feel blue, and the man who has had fruit during the winter will not need the medicine.

The average farmer has no time to act as nurse to puny plants and vines. For this reason only rarely and probably in a most unsuitable for planting in the farm garden.

Good highways are impossible as long as the highway tax is worked out by the taxpayer. Collect the tax in a lump and let the work publicly to the lowest responsible bidder.

At the Ontario Agricultural College a recent experiment with peas showed that it took thirty-five pounds more of cooked than of uncooked peas to make 100 pounds of pork, live weight.

Some one says, "A good mess of cooked turnips, fed warm, will be of more benefit to the pigs on cold days than any quantity of corn." It would be still better to warm them and feed them raw.

It is becoming clear to the least observant farmer that not only must he mix his crops, but become a stock farmer, if he would maintain the fertility of his land and lessen the ordure of his occupation.

The ground may be plowed at any time after the frost shall be out. The value of good harvesting and plowing is largely in the harrow should be passed over the ground a dozen times, if necessary, as the finer the seed-bed the better.

The last session of the Illinois State Legislature made provision for a State Arbor Day, the date to be announced by proclamation by the governor of the state, to be especially devoted to the planting of trees by the people of the state. In accordance with such legislative action Governor Oglesby has designated Friday, April 13, next, as Arbor Day.

A farmer in Western New York whose land is level or only slightly to low, draws manure in winter, and in spring, and broadcasts it upon bare ground or not more than six inches of snow in fields intended for hoed crops next season. He has persisted in this practice for many years, and the result is a very rich soil, and the most remarkable statement in *Farm Life* that "one load so spread is equal in effect to three, at least, spread in spring."

Over, he gets just so much more out of the way during a comparatively slack time.

According to the last report published by the Comptroller of the Currency, dated Dec. 1, 1887, there are in the United States 664 savings banks. Of these 580 have no capital, while eighty-four have capital aggregating \$8,991,166.

Divided profits of the 664 savings banks amount to \$120,187,853, and their deposits amount to a total of \$1,157,897,483. Of the savings banks that are in the United States reports to local authorities there are twenty.

They have a capital of \$3,000,000, with surplus and undivided profits of \$2,330,000 and deposits amounting to \$77,368,580.

The *Prairie Farmer* says: "Our older readers need to be strongly reminded, and new ones thoroughly informed, of the facts which have been so often repeated in the columns of the readers of this journal. Seed corn that will sprout and grow may be very poor seed, even if of the best variety and well selected; just as a weakling calf or colt or lamb or pig, is far less likely to produce a large, strong, robust, profitable animal, than a healthy vigorous sire or dam. We want to do with healthy vigorous *germs*, which will send out the best roots and leaflets ready to appropriate any and every food material from the atmosphere, in great abundance."

The *Farmer's Review* says: "As the winter gives place to the spring winds, rains and sunshine that have been so often repeated in the columns of the readers of this journal. Observe in any given neighborhood which farms are first plowable, and at a rule they will be found to be those that are underdrained. Sooner on to the land in spring; sooner on to it with the harrow, and the seed will be found to be those that are underdrained. It is the progressive farmer of the country who is draining his fields, and the one who is doing leads to more progress and better profits. There is a hint in this paragraph that every farmer may elaborate for himself at his leisure."

The Missing Link.

The true and complete missing link has at last been discovered by Mr. Alfred Carpenter, of the Marine Survey office, Bombay. He reports having secured a monkey carrying a system of water pipes. They carry, he says, the stones down from high-water mark to the oysters at low-water mark, and strike at the base of the upper valve of the shell until it opens. They then either extract the meat with the thumb and finger or take it away with the teeth.

Here is a decided use of the fore feet as hands, and a long stride on the way toward, not only the upright walker, but the tool-user and tool-maker.

CONFESSION OF A LADY BENDER.

A Fair Contortionist of Nineteen Tells How She Became a Contorter.

The other day I called on a bender, a lady, not a gentleman, who is well known as a most serpentine contortionist. I wished to know the secret of her success, and she, with a view to throwing some light on the training of little boys and girls for the profession. She is a bender before the fire, her sister, who has abandoned bending herself, and exhibits a troupe of highly educated poodles. A huge basket, containing her dress and other stage habits. From its depths she produced a bundle of photographs of herself, and knotted into all manner of curious folds.

That is the business of a bender. The body is thrown into a score of unnatural postures, which appear to the audience as if achieved by dislocating every joint in the human frame, and to be effected at great risk to limb and life. Artists are generally enthusiastic about their callings, and I must say that Miss Vonare declared she would rather be a bender than a queen, or something to the kind of thing, and she would be achieved by a half she was before the public, and remains a bender still.

"My father says a contortionist is a night school teacher, and he asked him why he should not teach me, aged 4. I was put to training at once, and enjoyed the fun, as a child will enjoy any new and novel thing. I was not a bender, but I seemed to take it like a duck takes to water. You see, we were a family of athletes, and besides, my father was a trainer. He may not spare the rod, but he is cruel only to be kind. My experience is, I am not a bender, but I am a bender, and with other forms of acrobatic work, and the cruelly often take the form of taking away the mattress, which causes a sort of panic in the pupil's mind. If he has really tried his best and failed, he is so terrified that he is almost certain to fail unless he has a great deal of practice. If he can only be making, it may bring him to his bearings. Of course children are often stubborn, and the patience of the teacher is to its utmost limit."

"The art of contortion," continued Miss Vonare, "is learned by degrees. First the head is bent, then the neck, then the arms, and so on. What we call 'close-neck' distinguishes the best bending. To the audience bending seems most difficult. But I experience discomfort or inconvenience. I was a puny child. You see me now."

The lady bender was certainly most healthy and cheerful, stout in body and radiant in countenance. She strongly maintains that all women would be greatly benefited if they took to bending. "It is quite simple," she said, "and it is the most curious nature of our performance. Of course, after one or more difficult positions one may suffer a little pain, but it goes in no time. If he can only be making, it may bring him to his bearings. Of course children are often stubborn, and the patience of the teacher is to its utmost limit."

The lady bender was certainly most healthy and cheerful, stout in body and radiant in countenance. She strongly maintains that all women would be greatly benefited if they took to bending. "It is quite simple," she said, "and it is the most curious nature of our performance. Of course, after one or more difficult positions one may suffer a little pain, but it goes in no time. If he can only be making, it may bring him to his bearings. Of course children are often stubborn, and the patience of the teacher is to its utmost limit."

"The art of contortion," continued Miss Vonare, "is learned by degrees. First the head is bent, then the neck, then the arms, and so on. What we call 'close-neck' distinguishes the best bending. To the audience bending seems most difficult. But I experience discomfort or inconvenience. I was a puny child. You see me now."

Secret Chambers.

It has often happened that secret chambers have been lost sight of or their exact whereabouts forgotten. Thus it was at Danby, the seat of the Sropes in Wensleydale. About the end of last century two secret chambers were discovered there. In one of them, which was near the fireplace in the entrance hall, a large quantity of treasure was found, a troop of fifty horse-saddles and bridles of untanned leather, long cut-and-thrust swords, and pistols. Those were very supposed to have been placed there in preparation either for the '15 or the '45. After its concealment in the last half of the century, the treasure was sufficiently sound to be utilised for cart-horse gear. A very similar "find" was made at East Hordle House, in Berkshire. Perhaps the most dramatic discovery of this kind was at the manor-house of Bourton-on-the-Water, now demolished. Nearly a century ago the paper-hangers were stripping a wall upon a landing-place on the second floor when the entrance to a secret chamber was laid bare. The room, which was only eight feet square, evidently remained exactly as the last occupant had left it. Upon a small table were the remains of a candle, and the broken end of a pipe, and a long since crumbled to dust, and a cup that still held several drops of wine. A priest's black cassock was carelessly covered with the dust, and he only chair. Hidden beneath the cushions were contrived beneath staircases, and were entered by the removal of a step. Few secret chambers have been discovered since that time, but more than one that was discovered at Irahm Hall, in Lincolnshire. One of the chimneys in a stack was observed to be unusually large, and on being removed, the secret chamber was revealed. Behind the beam was a panel, wherein was fixed an iron tube, through which conversation could be carried on with the concealed person. The room, which was only eight feet square, was very high enough to allow a man to stand upright. The positions of these ingenious hiding places are various as their names. In the case of the Irahm Manor House, burned down in 1761, was reached from the roof, and the trap-door that gave admission to it was entered by lifting the middle of the piece of wood which the roof was fixed an iron tube, through which conversation could be carried on with the concealed person. The room, which was only eight feet square, was very high enough to allow a man to stand upright. The positions of these ingenious hiding places are various as their names. The Tribune

FRIDAY, MAY 4, 1888.
MARYSVILLE.

From Our Own Correspondent.
A little son of Mr. John Drummy was seriously injured by the kick of a horse on Monday.
Another old resident of this township in the person of John Williams, aged 90 years, was placed at rest here on Sunday last.
Mr. John Martin has been seriously ill for some weeks but is now, we are glad to learn, rapidly improving.
Mr. Edward McGinn and Miss Nellie Fitzgerald, were quietly and romantically married here on Monday morning and left by the noon train the same day for Ottawa, where they spent the remainder of the week and will then settle down in Napanee. We join the many friends of the happy couple in wishing them long life and prosperity.
Much sympathy is felt by friends of S. B. Burdette, Esq., M. P., in the loss he has sustained by the death of his wife.

SHANNONVILLE.

From Our Own Correspondent.
Miss Tena Earle, of Berlin, is visiting her father, Mr. W. Earle, of this village.
Mrs. Dr. D. W. Houston, of Cohoes, N. Y., will spend the summer with her mother, Mrs. A. L. Roberts.
Miss M. A. Stevens, of Napanee, is the guest of her sister, Mrs. W. Williams.
Mr. M. B. Lake spent Saturday and Sunday last with her mother, Mrs. S. Lake, Deseronto.
Mr. P. McAlpin, of Napanee, has rented the store building on J. J. Doreen's formerly occupied by Mr. J. S. Kerr, and intends opening out this week.
J. K. McCargan's Cheese Factory erected on the site of the one burned last fall, commenced operations May 1st.
The funeral of Mrs. Philip Davis, who died at her residence 2nd con. Tyndinaga, on Sunday last, took place on Tuesday the 1st.
Quarterly service will be held in the Methodist Church, on Sabbath next, service beginning at 10 a.m.

MILLTOWN.

From Our Own Correspondent.
Spring has come at last, and the farmers are very busy ploughing, and sowing in the hopes of big returns.
Mr. David Moore has gone and again Henry is monarch of all he surveys.
A young man in our town does his long-tail coat every Sunday and lies him over the ridge.
Harry Davis has taken charge of a cheese factory in Peterborough.
Mr. John Morton, of Thomassburg, was the guest of Miss Edie Pennington last Sunday.
Early these bright mornings we hear the Mistress Biddies singing, "I lay an egg a penny a day and yet I'm compelled to go barefoot," her mate stands by her and says, "who'd make a boot for your sprawling foot."
Now Biddies don't wait to sing but tend to your knitting, for your worthy grocer has bought a brand new horse, all shaved and shorn, and will soon be out in the country buying eggs, and furnishing bread and all kinds of provisions.
Walter Pennick has gone to Lancaster as cheese maker there.
Mr. Edward Hargrave and his wife spent last Sunday with friends in this place.
We are pleased to state that Mrs. Andrew Embury is getting a little better. We hope she will soon be convalescent.
Mr. A. P. Pagan has taken to himself a bachelor's hall.
No wife to torment him,
No children to squall,
But it is hard times to keep bachelor's hall.
Miss DeMotte Appleby has returned home after a prolonged visit with friends in Belleville.

TYNDINAGA RESERVE

From Our Own Correspondent.
The three Sunday Schools of the Parish have been announced to commence their Summer work on Sunday next the first in May, that of St. Charles at 9:30 a. m.; All Saints 2:30 p. m.; Mission School 3 p. m. We regret to hear of the illness of Mrs. Josiah Barr; hope she will soon be about again.
Mrs. Oroniyatka is expected the latter end of the week to remain with us as usual during the summer.
The body of George Smith, of Northport, was found some days since by Jonas Barr on Chief Loft's shore. The old man, 65 years of age, was missed from his home late last autumn, no trace of him until his body was recovered. He lived on the Reserve near Shannonville many years, and was known to our people as a genial, kind-hearted Englishman.
We hear nothing of our agricultural society lately; hope no accident has happened. We would suggest the Mohawks unite with the Shannonville show, and compete with our people as a genial, kind-hearted Englishman.
An important council, held in the Council House on Wednesday. Much business transacted.

KINGSFORD.

From Our Own Correspondent.
Mrs. & Mrs. Patrick Drummy, of Marysville, were visiting here last week.
Mrs. Simmons, of Napanee, and Miss Annie Nash, of Marysville, were visiting Mrs. James McHenry this week.
Mr. & Mrs. Hawkins, of Cayden, have been visiting Mr. Wm. Finnegan.
Mr. Miller, of Napanee, was in our village on business matters on Monday.
Mr. John Griffin left for Toronto last week, where he has obtained a lucrative position.
Miss Maggie McCullough left for Clinton on Friday, to take charge of a school in that neighborhood.
Our farmers have been taking advantage of the fine weather during the past week and a large acreage has already been sown.
House cleaning seems to be the order of the day with busy housewives.
We had fine warm spring-like weather on Saturday and Sunday last, the weather

suddenly turned cold, and on Tuesday morning, May Day, we had a light fall of snow.
Every one is busy now; there is but little money around and news is scarce.
There has been great fatality amongst cows this spring, several farmers in this neighborhood having lost many. One man lost six cows, another five and many others from one to three. It appears that cattle generally are weak this spring owing to the long time that they have been fed on dry fodder, in many cases from August to September, and the poor pasture of last fall, caused the cattle to go up poor for the long, cold winter.

IN MEMORIAM.

RESOLUTION OF INDIAN COUNCIL.

At a general meeting of the council of the Mohawks of the Bay of Quinte held on the 2nd May, 1888, at their Council Chamber on the Tyndinaga Reserve, it was moved by Chief Sampson Green and seconded by Chief Jacob B. Brant and carried unanimously by a standing vote, "That the Council at this its first meeting after the death of the late Hon. Thomas W. White, desiring to express to his sorrowing family the deep grief of the Mohawks of the Bay of Quinte at the death of their honored Chief Superintendent and that the Secretary of the Council do send to his widow a copy of this motion together with a letter of condolence on his irreparable loss."

LETTER OF CONDOLENCE.

Tyndinaga Council Chamber,
May 3, 1888.

HONORABLE MADAM:

The above motion was passed at our Council and under instructions of the same I send a copy thereof to you.
Since your late husband's appointment to the office of Superintendent General of Indian Affairs he has not been in this neighborhood, but previously to that he had been amongst us and his genial, kindly face was a source of comfort and consolation to all. On his appointment to the office of our Chief Superintendent he was, therefore, not a stranger to us and we were delighted, as we are to our revered Chief, Sir John Macdonald, there was no one that we, as Indians, would prefer in that office to the Hon. Thomas W. White.
Judge then, dear Madam, of our dismay, when we learned through the public press that the Great Father had seen fit in His great wisdom to call him to Himself. It is not for us to repine too greatly or to sorrow as those without hope do. We know that He doeth all things well. To you, dear lady, and to your grief-stricken family the heaviest blow is dealt. Until time has dulled the pain of the irreparable loss you and they have sustained all condolence even from the most tender and intimate of friends is but of little use. How then, can we do more than say that our heartfelt sympathy in this your loss, and that we who so solemnly declared that He will be the Father of the fatherless and the God of the widow have you in His holy keeping, dry all tears from your eyes, and eventually bring you to where He is in that happy country where the wicked cease from troubling and the weary are at rest.

Signed by the Band,
CHIEF SOLOMON LOFT,
Secretary.

When the first electric telegraph was established the speed of transmission was from four to five words a minute with the five-cable instrument. In 1840 the average rate for newspaper messages was seventeen words a minute. The present pace of the electric telegraph between London and Dublin, where the Wheatstone instrument is employed, reaches 462 words; and thus what was regarded miraculous sixty years ago has multiplied a hundred fold in half a century.

Dr. Clark, of Kingston superintendent of Rockwood Asylum, had a narrow escape from drowning through the treachery of a launch. He was standing on the wharf when the insane man came behind him, and saying, "We may as well go down together," pushed him into the water. Dr. Clark, though held by the launch, managed to keep afloat until rescued, the lunatic holding to the superintendent and being pulled out with him. Dr. Clark's predecessor, however, it will be remembered, by a lunatic stabbing him.

Montreal has recently been visited by a young Boston medical man named DeWitt, accompanied by his mother. He was upon arrival made acquainted with gentlemen connected with the Young Men's Christian Association, introduced his mother to various religious families, and assuming a hard-up character obtained several loans. About two days ago his uncle came to Montreal to take out papers for the arrest of the nephew on a charge of bringing stolen property into the country, but DeWitt had gone.

A watch dial now being made contains, instead of the usual numerals, twelve small distinct silhouette figures representing a woman with a very young child in her arms. At 1 o'clock the lady and her little baby are clearly depicted, the infant being in long clothes. At 2 o'clock the same figures appear, but the child is a little larger. At 3 o'clock mamma is still there, but the infant is in short clothes. At 4 o'clock, and so on up till 8 o'clock, when he goes to school for the first time. At 9 o'clock he may be seen with his college gown and mortar board, and the happy smile of the now elderly but happy mother. At 10 o'clock the dearth of money, where he parts with his beloved mother. At 11 o'clock he is a middle-aged man, over whom the snows of many winters have passed. At 12 o'clock an old and decrepit specimen of humanity praying for a better land.

County Constables Dowles and Grant arrested Joseph Loyst, of Kennebec, on Sunday morning. They had been after him for some time, but he kept dodging about in the bush and thus eluded them. After waiting for about all night they found him in a small cellar under the house, which had no other entrance than a small trap in the floor. When discovered he was ready for a fight, being armed with a double-barrelled shotgun, which he declared he would use if needed with, and that he would be taken out only as a dead man. When Grant put his legs down the trap, Loyst struck him with a club and caused a bad bruise. The constables then got on as well with him as they could, but Loyst said that he would make the trap large, when Loyst said that he would surrender if he was not shaken. He was removed for four months for violating the Canada Temperance Act.

EXAMPLES

Of a few of the Policies
Whose premiums are now extinguished by profits. The surplus will hereafter be returned to the Policyholders yearly in cash as follows, and will be increased at each future division:

| No. | Life | Yearly Cash Profits | Yearly Premium | Net Yearly Profit to Policyholders |
|-----|-------------|---------------------|----------------|------------------------------------|
| 320 | J. W. Mc... | \$5.82 | \$12.00 | \$14.22 |
| 499 | J. W. Mc... | 12.11 | 25.00 | 37.11 |
| 525 | J. W. Mc... | 12.11 | 25.00 | 37.11 |
| 775 | J. W. Mc... | 24.79 | 50.00 | 74.79 |
| 775 | J. W. Mc... | 24.79 | 50.00 | 74.79 |
| 775 | J. W. Mc... | 24.79 | 50.00 | 74.79 |
| 775 | J. W. Mc... | 24.79 | 50.00 | 74.79 |
| 775 | J. W. Mc... | 24.79 | 50.00 | 74.79 |
| 775 | J. W. Mc... | 24.79 | 50.00 | 74.79 |
| 775 | J. W. Mc... | 24.79 | 50.00 | 74.79 |

BY CASH PROFITS. (C.)

The profits upon an ordinary life policy, age 30 at entry, were refunded in cash. In 1875 " 34.37 " " Of premiums In 1880 " 42.60 " " paid since In 1885 " 50.85 " " prev. division

Showing an increasing profit at each division.

BY TEMPORARY REDUCTION. (D.)

The premium on a life age 30 at entry, payable by ordinary life rates. Was reduced in 1875 " 35.00 per cent. " 1880 " 41.37 " " " 1885 " 50.22 " " " 1885 " 60.53 " "

Showing an increasing profit at each division.

DAYS OF GRACE AND REVIVAL OF LAPSED POLICIES.

Thirty days grace are allowed for the payment of Premium, the Policy remaining binding on the Company during that period, in case of death. Policies which have lapsed through non-payment of a premium, may be renewed, at the discretion of the directors, within six months after said premium became due, on payment of arrears, and a fine thereon not exceeding one per cent. per month.

SURRENDER OR EXCHANGE OF POLICIES

OR ANS. LONDON.
Policies on ordinary systems three years in force will be purchased by the Company at their cash value, or when not less than two years have been exchanged for others of reduced amount upon which no further liability of premium is required, and the sum assured granted thereon to nearly their surrender value, thus enabling the policyholder to realize. Foreign Offices not under the same conditions.

NON-FORFEITABLE POLICIES.

Life Policies on the ordinary 10 payment system, are convertible (at the option of the assured) after two years Premium have been paid, into paid-up or non-forfeitable Policies, for an amount equal to as many times the sum assured as the sum of the years premiums paid, provided that the paid-up or non-forfeitable Assurance be applied for before default in the payment of any premium, or within thirteen months thereafter. These Policies even when surrendered, are therefore good for the ratio of Assurance paid for, and are beyond the risk of being lost. Paid-up Policies issued in lieu of Policies on the Endowment system, may be made payable at death, or the Endowment age, as stipulated for in the original policy.

POLICIES INDISPENSABLE.

After two years' duration, without payment of premium, the ordinary policy upon which age has been admitted are made world-wide and in force in all parts of the world, except in Canada, travel and occupation.

DIVISION OF PROFITS.

25 per cent. of the profits were divided among the insured. The profits in 1885, and 1886, and 1887, are all paid in cash to the insured. The insured have the choice of receiving their profits (1) in cash or (2) in the form of a bonus, or (3) in the form of a loan, or (4) in the form of a loan, or (5) in the form of a loan, or (6) in the form of a loan, or (7) in the form of a loan, or (8) in the form of a loan, or (9) in the form of a loan, or (10) in the form of a loan, or (11) in the form of a loan, or (12) in the form of a loan, or (13) in the form of a loan, or (14) in the form of a loan, or (15) in the form of a loan, or (16) in the form of a loan, or (17) in the form of a loan, or (18) in the form of a loan, or (19) in the form of a loan, or (20) in the form of a loan, or (21) in the form of a loan, or (22) in the form of a loan, or (23) in the form of a loan, or (24) in the form of a loan, or (25) in the form of a loan, or (26) in the form of a loan, or (27) in the form of a loan, or (28) in the form of a loan, or (29) in the form of a loan, or (30) in the form of a loan, or (31) in the form of a loan, or (32) in the form of a loan, or (33) in the form of a loan, or (34) in the form of a loan, or (35) in the form of a loan, or (36) in the form of a loan, or (37) in the form of a loan, or (38) in the form of a loan, or (39) in the form of a loan, or (40) in the form of a loan, or (41) in the form of a loan, or (42) in the form of a loan, or (43) in the form of a loan, or (44) in the form of a loan, or (45) in the form of a loan, or (46) in the form of a loan, or (47) in the form of a loan, or (48) in the form of a loan, or (49) in the form of a loan, or (50) in the form of a loan, or (51) in the form of a loan, or (52) in the form of a loan, or (53) in the form of a loan, or (54) in the form of a loan, or (55) in the form of a loan, or (56) in the form of a loan, or (57) in the form of a loan, or (58) in the form of a loan, or (59) in the form of a loan, or (60) in the form of a loan, or (61) in the form of a loan, or (62) in the form of a loan, or (63) in the form of a loan, or (64) in the form of a loan, or (65) in the form of a loan, or (66) in the form of a loan, or (67) in the form of a loan, or (68) in the form of a loan, or (69) in the form of a loan, or (70) in the form of a loan, or (71) in the form of a loan, or (72) in the form of a loan, or (73) in the form of a loan, or (74) in the form of a loan, or (75) in the form of a loan, or (76) in the form of a loan, or (77) in the form of a loan, or (78) in the form of a loan, or (79) in the form of a loan, or (80) in the form of a loan, or (81) in the form of a loan, or (82) in the form of a loan, or (83) in the form of a loan, or (84) in the form of a loan, or (85) in the form of a loan, or (86) in the form of a loan, or (87) in the form of a loan, or (88) in the form of a loan, or (89) in the form of a loan, or (90) in the form of a loan, or (91) in the form of a loan, or (92) in the form of a loan, or (93) in the form of a loan, or (94) in the form of a loan, or (95) in the form of a loan, or (96) in the form of a loan, or (97) in the form of a loan, or (98) in the form of a loan, or (99) in the form of a loan, or (100) in the form of a loan, or (101) in the form of a loan, or (102) in the form of a loan, or (103) in the form of a loan, or (104) in the form of a loan, or (105) in the form of a loan, or (106) in the form of a loan, or (107) in the form of a loan, or (108) in the form of a loan, or (109) in the form of a loan, or (110) in the form of a loan, or (111) in the form of a loan, or (112) in the form of a loan, or (113) in the form of a loan, or (114) in the form of a loan, or (115) in the form of a loan, or (116) in the form of a loan, or (117) in the form of a loan, or (118) in the form of a loan, or (119) in the form of a loan, or (120) in the form of a loan, or (121) in the form of a loan, or (122) in the form of a loan, or (123) in the form of a loan, or (124) in the form of a loan, or (125) in the form of a loan, or (126) in the form of a loan, or (127) in the form of a loan, or (128) in the form of a loan, or (129) in the form of a loan, or (130) in the form of a loan, or (131) in the form of a loan, or (132) in the form of a loan, or (133) in the form of a loan, or (134) in the form of a loan, or (135) in the form of a loan, or (136) in the form of a loan, or (137) in the form of a loan, or (138) in the form of a loan, or (139) in the form of a loan, or (140) in the form of a loan, or (141) in the form of a loan, or (142) in the form of a loan, or (143) in the form of a loan, or (144) in the form of a loan, or (145) in the form of a loan, or (146) in the form of a loan, or (147) in the form of a loan, or (148) in the form of a loan, or (149) in the form of a loan, or (150) in the form of a loan, or (151) in the form of a loan, or (152) in the form of a loan, or (153) in the form of a loan, or (154) in the form of a loan, or (155) in the form of a loan, or (156) in the form of a loan, or (157) in the form of a loan, or (158) in the form of a loan, or (159) in the form of a loan, or (160) in the form of a loan, or (161) in the form of a loan, or (162) in the form of a loan, or (163) in the form of a loan, or (164) in the form of a loan, or (165) in the form of a loan, or (166) in the form of a loan, or (167) in the form of a loan, or (168) in the form of a loan, or (169) in the form of a loan, or (170) in the form of a loan, or (171) in the form of a loan, or (172) in the form of a loan, or (173) in the form of a loan, or (174) in the form of a loan, or (175) in the form of a loan, or (176) in the form of a loan, or (177) in the form of a loan, or (178) in the form of a loan, or (179) in the form of a loan, or (180) in the form of a loan, or (181) in the form of a loan, or (182) in the form of a loan, or (183) in the form of a loan, or (184) in the form of a loan, or (185) in the form of a loan, or (186) in the form of a loan, or (187) in the form of a loan, or (188) in the form of a loan, or (189) in the form of a loan, or (190) in the form of a loan, or (191) in the form of a loan, or (192) in the form of a loan, or (193) in the form of a loan, or (194) in the form of a loan, or (195) in the form of a loan, or (196) in the form of a loan, or (197) in the form of a loan, or (198) in the form of a loan, or (199) in the form of a loan, or (200) in the form of a loan, or (201) in the form of a loan, or (202) in the form of a loan, or (203) in the form of a loan, or (204) in the form of a loan, or (205) in the form of a loan, or (206) in the form of a loan, or (207) in the form of a loan, or (208) in the form of a loan, or (209) in the form of a loan, or (210) in the form of a loan, or (211) in the form of a loan, or (212) in the form of a loan, or (213) in the form of a loan, or (214) in the form of a loan, or (215) in the form of a loan, or (216) in the form of a loan, or (217) in the form of a loan, or (218) in the form of a loan, or (219) in the form of a loan, or (220) in the form of a loan, or (221) in the form of a loan, or (222) in the form of a loan, or (223) in the form of a loan, or (224) in the form of a loan, or (225) in the form of a loan, or (226) in the form of a loan, or (227) in the form of a loan, or (228) in the form of a loan, or (229) in the form of a loan, or (230) in the form of a loan, or (231) in the form of a loan, or (232) in the form of a loan, or (233) in the form of a loan, or (234) in the form of a loan, or (235) in the form of a loan, or (236) in the form of a loan, or (237) in the form of a loan, or (238) in the form of a loan, or (239) in the form of a loan, or (240) in the form of a loan, or (241) in the form of a loan, or (242) in the form of a loan, or (243) in the form of a loan, or (244) in the form of a loan, or (245) in the form of a loan, or (246) in the form of a loan, or (247) in the form of a loan, or (248) in the form of a loan, or (249) in the form of a loan, or (250) in the form of a loan, or (251) in the form of a loan, or (252) in the form of a loan, or (253) in the form of a loan, or (254) in the form of a loan, or (255) in the form of a loan, or (256) in the form of a loan, or (257) in the form of a loan, or (258) in the form of a loan, or (259) in the form of a loan, or (260) in the form of a loan, or (261) in the form of a loan, or (262) in the form of a loan, or (263) in the form of a loan, or (264) in the form of a loan, or (265) in the form of a loan, or (266) in the form of a loan, or (267) in the form of a loan, or (268) in the form of a loan, or (269) in the form of a loan, or (270) in the form of a loan, or (271) in the form of a loan, or (272) in the form of a loan, or (273) in the form of a loan, or (274) in the form of a loan, or (275) in the form of a loan, or (276) in the form of a loan, or (277) in the form of a loan, or (278) in the form of a loan, or (279) in the form of a loan, or (280) in the form of a loan, or (281) in the form of a loan, or (282) in the form of a loan, or (283) in the form of a loan, or (284) in the form of a loan, or (285) in the form of a loan, or (286) in the form of a loan, or (287) in the form of a loan, or (288) in the form of a loan, or (289) in the form of a loan, or (290) in the form of a loan, or (291) in the form of a loan, or (292) in the form of a loan, or (293) in the form of a loan, or (294) in the form of a loan, or (295) in the form of a loan, or (296) in the form of a loan, or (297) in the form of a loan, or (298) in the form of a loan, or (299) in the form of a loan, or (300) in the form of a loan, or (301) in the form of a loan, or (302) in the form of a loan, or (303) in the form of a loan, or (304) in the form of a loan, or (305) in the form of a loan, or (306) in the form of a loan, or (307) in the form of a loan, or (308) in the form of a loan, or (309) in the form of a loan, or (310) in the form of a loan, or (311) in the form of a loan, or (312) in the form of a loan, or (313) in the form of a loan, or (314) in the form of a loan, or (315) in the form of a loan, or (316) in the form of a loan, or (317) in the form of a loan, or (318) in the form of a loan, or (319) in the form of a loan, or (320) in the form of a loan, or (321) in the form of a loan, or (322) in the form of a loan, or (323) in the form of a loan, or (324) in the form of a loan, or (325) in the form of a loan, or (326) in the form of a loan, or (327) in the form of a loan, or (328) in the form of a loan, or (329) in the form of a loan, or (330) in the form of a loan, or (331) in the form of a loan, or (332) in the form of a loan, or (333) in the form of a loan, or (334) in the form of a loan, or (335) in the form of a loan, or (336) in the form of a loan, or (337) in the form of a loan, or (338) in the form of a loan, or (339) in the form of a loan, or (340) in the form of a loan, or (341) in the form of a loan, or (342) in the form of a loan, or (343) in the form of a loan, or (344) in the form of a loan, or (345) in the form of a loan, or (346) in the form of a loan, or (347) in the form of a loan, or (348) in the form of a loan, or (349) in the form of a loan, or (350) in the form of a loan, or (351) in the form of a loan, or (352) in the form of a loan, or (353) in the form of a loan, or (354) in the form of a loan, or (355) in the form of a loan, or (356) in the form of a loan, or (357) in the form of a loan, or (358) in the form of overwork and nervousness, has been advised by his medical attendant to leave Berlin.

The very sudden death from heart disease of Mr. Matthew Arnold took place on Sunday at Liverpool. He was sixty-six years of age.

The Emperor and Empress of Germany presented Dr. and Mrs. Mackenzie with a splendid gold tray as a silver wedding present.

A Spanish master has been sentenced to

A Millionaire in a Minute.

Instances are on record where toilers in gold mines and diamond fields who, by one turn of a spade, a single movement of the hand, have been transformed from penniless laborers to millionaires. But they were not so lucky as is the consumptive who finds a means of restoration to health, who learns that the dread disease from which he suffers is not incurable. Dr. Pierce's Golden Medical Discovery will cure consumption (which is lung scrofula), and nothing else will. For

The Tribune.

FRIDAY, MAY 4, 1888

White and colored shirts, night shirts and Bal-brugers underwear, cheap. Rich & Wims.
Malley's Drug Store is the place to buy reliable goods of all kinds.
Go to Malley's Drug Store and get the latest issues of the Season.
New Lace Curtains at Mrs. Dalton's very low.
New arrivals of Summer Millinery at Mrs. Dalton's. Large range of latest novelties to choose from.
Beautiful Lines in all the new Shades in low price Dress Goods. Gloves and everything to match at Mrs. Dalton's.
THE TRIBUNE will close the year for 50 cts. paid in advance.
New and popular story books just received at THE TRIBUNE office.
Buy at all night when you can get a cheap alarm clock at Sander's?
Why one of these new little alarm clocks at Sander's and save yourself restless and sleepless nights.

LOCAL ITEMS.

The roads are in excellent condition.
May flowers are very scarce this year.
Counterfeit \$10 bills are in circulation.
Buy your blank books at THE TRIBUNE office.
Mr. T. Boggs has taken a situation on the Quinte as news agent.
Davy's Island will be ready for the reception of guests in a few days.
The storm drum was hoisted on Monday for the first time this season.
Work on the new Methodist Church is progressing with great energy.
New loading has commenced all who go out for a sail should look to swim.
THE TRIBUNE to new subscribers to the end of the year for 50 cts paid in advance.
Now is the time you can see plenty of good enticing homes on their routes.
Mr. R. H. Baker loaded the sch. Nellie Hunter with barley for Oswego last week.
There should be a good foot ball club organized here as there are plenty of good players.
On Sunday Arthur Sills and E. Gaultin, of the Big Store, bathed in the cool waters of the bay—the first dip this season.
The number of steam whistles appears to be unlimited this season. It is almost impossible to decide which is which.
Mr. Flint, the magistrate, gave judgment last week in favor of the teamsters in their suit against the Rathbun Company.
The copies of the *Daily Intelligencer* mailed to this office very frequently fail to come, being evidently confiscated en route.
Mr. M. D. Campbell is spending a few holidays here on account of not having a good supply of grain at Glenora at present.
Wage earners should see that their names are placed on the assessment roll. It is their duty to attend to this important matter.
We have again to thank several friends for their kindly assistance in securing new subscribers for THE TRIBUNE. We depend on every reader of THE TRIBUNE assisting us in this way.
The young men who drive up from Napanea on Sundays should have some respect for the Deseronto people if they have none for themselves.
Saturday and Sunday were as hot as in the middle of July, the thermometer standing at about 85° on Saturday but it made a terrible drop by Monday morning.
The corporation watering cart commenced work on Monday. John Oliver has the contract this season. The council should invest a few dollars in a coat of paint for the cart.
On Monday last, while Mr. George Stewart's hostler was on a wagon at the edge of the bay, filling a barrel with water the horse started, upsetting the man head first into the bay.
The Misses Evans, corner Thomas and Prince streets, are holding a great clearing sale this week of fancy goods, emporiums, trimmings, &c., preparatory to moving into their new premises, the store lately occupied by Mr. Robert Adams, St. George street. This is a rare chance for capital bargains.
Miss Porter has returned to Deseronto and resumed her former position in the public school. Miss Craig, who so efficiently managed the department in Miss Porter's absence, returned to her home in Belleville last Tuesday afternoon.
Former residents of Tyndinaga, Sophiasburg, &c., now citizens of Dakota and other western states, are said to await with greatest expectancy the arrival of THE TRIBUNE, their best medium for securing the news of this district.
Mr. R. H. Baker received a car load of Manitoba oats one day last week and is now selling it to the farmers for seed. These oats are pronounced very superior in quality. They are stored at Mr. R. M. Jack's barn east Main street.
As the Richmond council refuse to make any repairs on the Bonanza Road, it is suggested that market fees be exacted from the farmers of that township attending the Deseronto market, the fees to be expended on the road.
It is rumored that the council will cease the assessment list to be printed this year. This would be a very judicious move and would be found most profitable to the municipality and remove dissatisfaction so prevalent among ratepayers.
There are a few members of the Mechanics Institute still in arrears for the current year. All such are requested to settle their accounts immediately and thus prevent their names appearing on the delinquency list which will be published in the annual statement.
The boys have taken possession of the commons in front of the White Church for their sports and games. Now would be the time for forming a Park Association for the purchase of these grounds for pleasure purposes.

The funeral of the late Mrs. Burdett takes place to-day at 2 p. m.
Burglars find Deseronto a poor place for their business. They are generally either captured or in some way compelled to disgorge their booty before getting any distance from town.
All who can possibly do so should endeavor to go over to Picton and hear Mr. Bell, the prince of eloquentists, next Tuesday evening. Why not get up an excursion for the purpose?
A meeting of the Deseronto Branch of the W. G. T. U. will be held at the Methodist Parsonage at 4 p. m. on Thursday, 10th inst. The ladies are specially invited to be present. The last meeting was not as well attended as it might have been.
It is just as well that the burglars made a beginning so early in the season. Already every business man has made arrangements for a careful watch of his premises, and each shop is guarded by night by a clerk with a blunderbuss loaded to the muzzle having it that no merrymen will be extended to these marauders.
The annual meeting of the Deseronto Mechanics Institute will be held next Monday evening. All members—and directors only—are requested to be present. We hope there will be a large meeting. The new officers will be elected. Meeting at 8 o'clock sharp.
Now that navigation is opened up, it is found that Daves and Hegarty have succeeded in becoming very popular with the young ladies, who depend on them solely for a pleasant sail on Mohawk bay. They are said to be the only members of the Deseronto Canoe and Boating Club who are gallant enough to share their craft with the gentle sex.
Many of the strangers at present residing in the village take advantage of the good roads and fine weather to vent their way to the Mohawk church on Sunday mornings. Several of them have expressed to us their pleasure in attending the services, and also their admiration of the church with its beautiful situation and surroundings.
A few days since a young man not living more than a thousand miles from Deseronto went into the country for a drive with his sweetheart, and when he had arrived at what he considered a very quiet spot he stopped his horse and gave his girl such a loud smack that it aroused a man sitting down by the road side who yelled at the top of his voice, "bravo, give her one more!"
There are a large number of valuable building lots on Main street. Some are vacant and others are occupied by disreputable cookeries. It is said that these lots are only assessed at nominal values and there is a general desire that they should be made to pay a fair share of taxes. We fear, however, that the council have not courage to deal with the matter. The council needs to be wakened up on various matters of public importance.
George Wilson, a young man 19 years of age, met with an unfortunate accident last Tuesday forenoon while at work in the Big Mill. His duty was to keep the sawdust clean on the lower floor. It seems he carelessly and unnecessarily put his hand in the sawdust carrier when it was caught by the chain and terribly mangled. Dr. Newton attended the arm about the neck of the forearm. Wilson belongs to Campbellsford or vicinity.
Everybody is busy house cleaning now; some take up their own pipes when you take them down so that they can be easily put together in the fall. Have patience and don't swear when you are putting them together. It is generally the rule for the women to clean and put the lawn in order, but we hope the men will have a little more respect for the opposite sex and do it themselves this year.
On Monday the Big Mill and Cedar Mill commenced cutting by night as well as by day, thus giving employment to a large force of men. The machinery in both mills is working magnificently. Mr. H. C. Crawford takes charge of the Big Mill at night, with Mr. C. Dunn as floor boss and Thos. Pigeon on the lower floor. Mr. John Hopper is in charge of the Cedar Mill at night. Both establishments present a busy appearance at night.
Principal Cole was the victim of a complete surprise last Friday evening. He happened to be down town and on his return home found that his residence had been invaded in his absence—not by burglars—but by the pupils of his department. They had come laden with cake, confectionery, fruit, &c. It is needless to say that a very pleasant evening was spent. Mr. H. C. Mrs. Cole doing everything possible to make their young visitors happy. This is one of many proofs of the happy relations existing between teacher and pupils.
About a fortnight ago Mr. Michael Ryan, of Marysville, swore out an attachment against the goods of Daniel and Charles Hazlett on the ground that they were removing their property out of the county with intent to defraud him of a debt they owed him. Charles Hazlett left for the United States but Daniel Hazlett remained here. As he put in no defence, judgement was entered against him and this judgement he sought to set aside on the ground of mistake a legal that he did not know what paper he had been served with. On the application of Mr. George D. Dickson, Q.C. his agent, an application was made to set aside the judgement. On Monday the case came on for hearing before Judge Frazer at his Chambers, Mr. Northrup for Mr. Hazlett appearing for Mr. Ryan. After lengthy arguments on both sides, the case stands over until to-day when a decision will be given.
On Monday night burglars effected an entrance into the Big Store, having climbed up through a window in the south-west corner. They forced open all the cash drawers in the office department but were not rewarded for their trouble, no money being left there over night. They filled a sack with boots and shoes, and a few other articles, filled their pipes with tobacco, blew out the lamp which they had been using and made off. Mr. Richardson, early in the morning, discovered the theft and set out to notify Chief Gonyon. He met that officer on his way up the street with a sack on his shoulder which turned out to be the lost goods. The thieves, who were evidently amateurs, had hidden their booty near the railway track and covered it with some gravel. The B. & Q. section men had discovered it and delivered it over to the Chief. Business men cannot be too careful this summer as it is altogether probable that thieves will be numerous this year.

Parties requiring the services of a scavenger will read advt. in another column.
Every resident of the township of Tyndinaga should subscribe for THE TRIBUNE.
Mr. Richard Howell is suffering from a painful attack of inflammation of the eye.
Mr. F. C. Whitton has returned home from a pleasant visit among friends in Mar-mora, &c.
Mr. Wm. Stoddart, of the Big Store, left yesterday for a few days visit to Renfrew on professional business.
The smoke stacks of the Cibiola are being placed in position. They are the heaviest ever seen on the lake.
Rev. R. J. Craig, M. A., attended the induction of Rev. John Snodgrass at Demonstration on Sunday and preached the sermon on the occasion.
Any person thinking of purchasing a first class organ or piano would do well to write to Mr. J. Bull, Ross, Belleville, who sells the genuine Bell organ and Heintzman piano. Prices low and payments very easy.
On Tuesday morning Mrs. Wm. McKeenly met with a painful accident causing a dislocation of the elbow joint. Dr. Vandervoort successfully reduced it and she is now recovering very favorably.
The Board of Licence Commissioners for East Hastings met at Deseronto on Wednesday. The number of licenses issued are as follows: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.
The farmers have had magnificent weather for putting in their crops this season. With an expected shortage in the northern states the price of grain is much more attractive than during the coming summer, farmers should not hesitate to sow every rod of ground as high prices will obtain next autumn.
Rev. Messrs. Grosvenor and Hunter, the evangelists, closed a very successful series of meetings in Ancona on Sunday last. Nearly 60 persons professed conversion. Rev. D. O. Grosvenor is now resting at his home in Brighton until the meeting of the District Conference in Lindsay on the 21st inst.
If the town council needs to be awaked about the High School board, a number of gentlemen were appointed to this position but as far as we can learn they have as yet failed to meet for organization. It is true they were taking action, and the preliminary arrangements for a high school.
Messrs. Kerr & Wims, of the McCulloch Block, have been adding to their stock during the past week, and their newly arranged shop is much more attractive than ever. Their stock of goods is very complete and leaves nothing to be desired. Their prices are much lower than those of people to grumble, and as the members of the firm are courteous to a fault, customers will find every attention. They make a specialty of dress goods and gent's furnishings.
Mr. A. J. Hopkins, landscape architect, of Oswego, was in town on Wednesday. He submitted the plans of the Deseronto Cemetery and these have been accepted by the directors. Mr. Hopkins has gone back to Oswego to complete the plans but will return in a week or two when the work at the Cemetery will be hurried forward. The directors examined the grounds thoroughly the other day and were delighted with the beauty of the situation.
The efficiency of the primary department, and consequently of all the departments of the public school, is greatly impaired by the objectionable practice which prevails of allowing new pupils to be entered on the register at any time the parents choose to send them to school. New pupils should only be received twice a year at dates appointed by the board. This practice is now it is very unfair to the teacher and prejudicial to the department. As will be seen the Board will adopt no new pupils for the rest of this term.
MR. GEORGE BELFORD, THE EMINENT ELOCUTIONIST, OF LONDON, ENGL.—This talented young gentleman, who electrified an Ontario audience last winter by his charming manner, easy, graceful gestures, and well modulated voice, will give another of his delightful entertainments in the hall, Picton, on Tuesday evening, the 8th inst. All who possibly can should avail themselves of this opportunity of hearing Mr. Belford. His services are charming and the ease of his delivery and grace of his style prove him equally delightful in the pathetic and the humorous. Tickets 25 cts. Raised seats 35 cts. Place of hall at Mr. J. Redmonds, Picton.
Mr. Samuel B. Slack, formerly of this place, writes to us from Deloraine, Man., enclosing a card for THE TRIBUNE. He is in good health and perfectly satisfied with the country of which he says he likes the appearance very well. He has got a very good home about 24 miles from Deloraine in the Turtle Mountain district. When the railway is extended he will be only a few miles from the line. There is plenty of wood and good water in the district. He secured a cancelled homestead with some improvements on it. Messrs. Goldsmith and B. Kimmerly passed through to a place fifty miles farther west. They and their families were well. Wages for farm hands are \$200 for eight months and men are scarce.
The Deseronto Athletic Association has been organized, with the following officers:—H. B. Rathbun, Honorary President; Geo. Adams, President; W. R. Kyleworth, W. G. E. C. Nasmit, Vice-Presidents; J. F. Stokes, Sec'y-Treas.; W. J. Malley, J. Hampton, Jno. Dalton and F. S. Hall, Executive Committee. The Association will have several branches—cricket, baseball, tennis, football, &c. Proper grounds for the different games will be secured and a large membership has been already secured. In connection with the Association a Foot-Ball Club has been already formed. All persons desiring to join should send in their names to the Secretary, Mr. J. F. Stokes. Membership fee is only 50 cts. A meeting of the football club will be held at the Mechanics Institute next Wednesday, 9th inst. at 8 p. m. for the election of officers.
In a London lawsuit, the costs on one side have already amounted to \$500,000.
Menotti and Ricciotti Garibaldi, sons of the Italian hero, are both depicted.
The man who never made a mistake in life is deaf, dumb, blind and still unmarried.
A Chicago woman has not spoken to her husband for three years, and he wants a divorce. If that is not ingratitude, what is?

MISS : WARTMAN
St. George Street, Deseronto. Deseronto, March 29, 1888.

CONFIDENCE
Advertisements oftentimes contain more talk than truth, and their usefulness in consequence is partly destroyed. We desire to secure your confidence. In order to attain this we are making our weekly advertisements truthful in every respect. You will find our goods and prices correspond with our advertisements. In
DRESS GOODS,
the special purchase of last week. All wool at 12 1/2 cts. is selling very fast. If you want a cheap Dress secure it at once, as these goods cannot be bought elsewhere for less than 18c. to 20c.
This week we have to hand some new goods in Stripes, Tweed Suitings and Cashmeres. Also a special value in Black Silk at \$1.35 per yd. which is cheap at \$1.75 per yd. Also some novelties in Dress Trimmings which are confined to ourselves.
Miss ALLISON is in charge of our Manufacturing Department and is better informed regarding styles, and more competent to cut, fit, or make a Dress or Mantle than any other. All information regarding styles, &c., cheerfully given.
Our stock of Parasols is this season very large. We can give you a handsome article at a low price.
Some special bargains in Table Linens, Towellings, etc. Sateens, Drillettes, Seersuckers, Chambrays, Gingham and Prints, in beautiful patterns very cheap.
Shirting, Ducks and Cottonades are extra good values.
Special prices in Cottons. Cottons, 3c., 4c., 5c. 6c., 7c., 8c., 9c., 10c. per yard.
CARPETS
This week we desire to call your attention more particularly to our Carpet Department. Having placed a large import order for the Fall we are anxious to clear out our present stock. To do so we will sell you Brussels, Tapestry, Wool, Union, and Hemp Carpets at wholesale prices, and in some cases less than wholesale prices. Just now when house-cleaning time is commencing this should be a grand opportunity. Don't buy without seeing our goods. We will take pleasure in showing them to you.

DESERONTO, ONT., FRIDAY, MAY 25, 1888.

FINE : GROWING : WEATHER AT LAST.

EVERYBODY REMARKS HOW NICELY THE GROUND HAS worked, and under what favorable circumstances the crops have been sown this season. Everybody and everything are in a state of preparedness for and expectation of a good crop if favorable weather intervenes.

This reminds us of the fact that CHEAPSIDE is in a great state of preparation for a big May and June trade. Never better equipped for a large trade, and never better prepared to do it to the entire satisfaction of the public and ourselves.

A GRAND STOCK OF Dress Goods and Trimmings.
A FINE RANGE OF Silks and Satins.
A COMPLETE assortment of Gingham, Chambray, Seersuckers and Prints.

Talking of Prints. We show without question the cheapest Prints in this section being brought direct from the factory. A good fast colored Print, good, strong cloth, for 7 cents. An extra wide, fast colored Print, handsome patterns, for 8 cents, and so on.

THE COTTON COMBINE IS BUST.

As regards Cottonades and Shirtings, and down go the prices. See our stock for genuine good value.

ON CLOTHS AND TWEEDS. We are prepared to do extra well for our customers. Just got in some dandy things in Pantings and some wonderful cheap Suitings. MAX FOX, our cutter, always fits.

OUR FANCY GOODS Department has never been so well equipped. Stock thoroughly assorted, in Frillings, Corsets, Veilings, Collars, Cuffs and Handkerchiefs.

While our show of Gloves and Hosiery for Ladies and Children surpasses anything ever seen in this section, both in variety and good value.

OUR MILLINERY Department is booming as usual. A lot of new things in this week. We want two good Trimmers at once.

We are doing the Carpet and Curtain trade to perfection.

Special bargains in every department.

HINCH & CO. NAPANEE.

House Cleaners Attention!
Carpets, Lace Curtains and Floor Oil Cloth.

To make the work go better use HAMILTON'S 30c. JAPAN TEA —OR— 50c. BLACK TEA. Best value ever offered in Deseronto.

M. C. HAMILTON'S, McCullough's Block.

EARLY -- PLANTS Bay : View : Ranche. CABBAGE, CAULIFLOWERS, TOMATOES, LETTUCE, ORNAMENTAL BEDDING PLANTS GOOSEBERRY AND CURRANT BUSHES. Apply at Bay View Ranche. DESERONTO, ONT.

The standing of these Companies is such that all may be satisfied that in case of loss the settlement will be prompt and equitable.

Partners will find it to their interest to insure with us.

Record kept of all Policies and Notices sent insured before expiration of same.

THE RATHBUN COMPANY, Deseronto, Ont.

Sold Everywhere at 25 cents a Bottle.

RECOMMENDED BY EVERYBODY.

I am acquainted with the composition of Perrin's Pine Tar Cordial, and can recommend it as being the most efficient cough remedy I know of.

P. F. BURROWS, M.D., C.M. (Member of the American Public Health Association, and President of the Executive Association of Health Officers of Ontario.)

Perrin's Pine Tar Cordial Co., LINDSAY, ONT.

SOUR GRAPES.

"The melancholy days" are here—
—I mean, you know, it's May.
When winter things look mighty queer,
And furs must pack away;
When every shop has blossomed out
With all the spring's new styles,
And hats and gowns begin to sprout
Along the way for miles.

My last year's wrap is trimmed with lace,
And jet is now the rage;
My hat's not tall enough for grace,
My bonnet shows its age;
The very buttons on my suit
Are out of vogue completely,
The very pattern of my boots
Escapes the style quietly.

My parson, unlike the shad,
Has bones indeed too shad,
Nor is my bang the latest fad,
Since Russia gives the cue.
My toupure is not quite the thing,
My slater has no capes—
In fact, the fashions of the spring
Are all our gaiters.

I will not miss the woods to-day,
The poets of the woods
Are singing such a roundelay,
But not about dry-woods;
The May flowers are not changed their suit
In color or in sheen,
And every young and tender shoot
Still wears the same old green.

STRAWBERRIES IN AND OUT OF SEASON.

STRAWBERRY SHORTCAKE.—A tender and deliciously "short" cake is made in the following way. Two cups of fresh milk, four tablespoons of melted butter, two level tablespoons of pulverized sugar, and enough sifted flour to form a smooth batter. Add two teaspoons of baking powder and beat vigorously for three minutes. Have ready two good sized buttered pie-tins, in which pour the mixture evenly and bake in a lively oven. When done slip the cakes on a platter and place between sheets of waxed paper. Mash and sweetened strawberries and return to the oven for a few minutes. A pitcher of cream is of course a necessary accompaniment.

CANNED STRAWBERRIES.—Select fresh and perfect berries and pack them as closely as possible in one-quart glass jars, filling all the little spaces with pulverized sugar. Place the jars on a board in a wash boiler in six inches of moderately hot water—use jars that are quickly and easily sealed—put on the covers, fasten the covers, and put them away in a cool, dark, dry closet where the temperature is not likely to rise above seventy degrees of such closet does not exist, put the jars in boxes on the floor of a dry, cool cellar and cover them with sand.—American Agriculturist for June.

REMEDY FOR CURRANT WORMS.

The current worm is a good thing! Those who neglect their bushes get no currants worth picking, and it gives those who grow for market a chance to get fair prices. Thousands of farmers either buy currants or dispose with some degree of loss of the currant bushes grow so luxuriantly and produce such a mass of large leaves that it is easy matter to neglect the currant caterpillars from doing any damage. The true remedy is powdered white hellebore, but if there was no signs of worms only the slightest shake of the box was given in passing. Some of the bushes where the caterpillars had commenced their work of destruction were carefully dusted all over. This takes more time and more hellebore, but the cost is nothing as compared with the benefit.

On about 20th of April last year we used forty pounds of hellebore. This is at the rate of about an ounce to thirty-two bushes. Every bush had a little hellebore, but if there was no signs of worms only the slightest shake of the box was given in passing. Some of the bushes where the caterpillars had commenced their work of destruction were carefully dusted all over. This takes more time and more hellebore, but the cost is nothing as compared with the benefit.

For dusting on the hellebore we use an old baking powder tin box. Punch holes in the top large enough to let the powder come through freely, say about the size of a pin's head. One of our neighbors, who has one thousand bushes, mixes two pounds of flour with a pound of hellebore, and he kept his bushes last year free from caterpillars with less than a pound of hellebore. It is better to dust the bushes on a still morning while the dew is on the leaves. But the point of greatest importance is to dust the bushes the first moment there are any signs of the worms. And the next thing is to keep a close watch, and if any worms have escaped or new ones hatched out, go over the bushes again, and stick it till they are absolutely free from the pest.—AMERICAN AGRICULTURIST FOR JUNE.

HINTS ON SHEARING.

Do not let horses' shoes remain over three to six weeks, dependent on the amount of use and the toughness and growth of the hoofs. Each time after taking off the shoes, if the owner permits, let him go barefoot as long as no injury follows, as this expedites the hoofs and keeps them in more perfect condition. Some horses can be used barefoot all year, for months, or the whole year round, and work better than if he be out or shod, unless somewhat ragged, and then only a very little, as it acts as a cushion to the foot and lessens or even prevents bruise and sore shins, and other hard substance. See that the hoof is not pared beyond absolute necessity, and that the shoe is properly fitted to the foot, and that the shoe is not allowed to get under the bottom of the hoof to be burnt or even scorched with a hot shoe, in order to make it set down, but pare it properly to do so. Always use the lightest shoes compatible with the condition of the roads and the weight of the horse.—American Agriculturist for June.

CARE OF ASPARAGUS BED.

No matter how much care has been given to the proper planting of asparagus, it is easy to injure, if not to render worthless, the best bed by beginning to cut too early, and by cutting too late. In planting, we have advised to set strong vigorous roots, each with many good strong buds. The future treatment of these plants should be to keep the roots strong, and to keep them so well supplied with buds that a part of them, or the shoots from them, may be cut away without injury. If we do not cut them from a cistern we provide means of ridding it. The asparagus root is like a cistern; draw upon it by cutting the shoots, and we replenish it by allowing the green tops to grow and to form buds to lie dormant. When a new bed has been planted, the advice is given to not cut until the third or even the fourth year, in order that each root may get so strong that it will stand the annual cutting. The best and most productive bed ever made may be ruined by cutting it too late in the season. For family beds, the advice is given to stop cutting when green peas come. The roots should be on the large scale for market judging by the character of his crops when to cease cutting. In no other garden crop do we need so permanent an investment as in asparagus; aside from the first cost, we invest three years of time and money, but we manage properly the returns continue through an indefinite number of years and are paid each year. No garden should be without an asparagus bed.—American Agriculturist for June.

ROTATION OF FODDER CROPS FOR A SMALL PIECE OF GROUND.

Quite a large quantity of feed can be grown on a small lot. Cut oats when just ripe, bind in small sheaves, allow to stand in the field until the straw is cured, then store away in the hay mow to be fed out in the bundle during the winter months. They form a very agreeable variety, and a horse will eat them, straw and all, with a relish. After the oats, early potatoes and other vegetables are harvested, the ground may be sown to winter wheat in a fair season will make a large quantity of green feed. It should all be cut and fed or converted into hay before seed time. After the millet is harvested the ground may be plowed and sown to rye, which will be ready to cut for green feed in the spring long before anything else is ready. With wheat and rye, and a little clover, follow the rye with oats and the oats with millet. If the soil is kept moderately rich, a good crop of each is almost certain. With wheat and rye, and a little clover, follow the rye with oats and the oats with millet. If the soil is kept moderately rich, a good crop of each is almost certain. With wheat and rye, and a little clover, follow the rye with oats and the oats with millet. If the soil is kept moderately rich, a good crop of each is almost certain.

"DECORATION DAY."

The years that have elapsed since the close of the civil war have served to obliterate all sectional feeling, and now the united and prosperous nation joins in keeping green the graves of all its beloved dead. It is in this spirit that the publisher of the New York Evening Star has had written a thrilling and pathetic romance, peculiarly appropriate to this national holiday, entitled "Faithful Lenore; or, His Grave Kept Green." In the same paper will also be found a weekly instalment of the "Life and Adventures as a Showman of P. T. Barnum," written by himself, and equally interesting to the young folks as well as heads of families. These are rare literary treats, and those of our readers who are not already subscribers to the paper will do well to get the New York Family STORY PAPER of their newsdealer or send direct to the publisher, Munro's Publishing House, Nos. 24 and 26 Victoria Street, New York, and receive the paper four months for one dollar, postage free.

FUN AND SATIRE.

[FROM PUNCH.]
England's National Air.—The East Wind. (Blow it!)

Another.—"I've just thrown this off. It's first-rate. You must have it. This is it.—The Butcher won't be able to put the price of his Meat, as I don't put the tax on his Meat."—G. J. G.

THINGS ONE WOULD RATHER HAVE LEFT UNSAID.—"Ah, Jane! Ugh! What I saw your age. Matilda, ladies of rank and position didn't have their photographs exposed in the shop windows.—Matilda (always anxious to outdo her sister) I'm old, Jane. I suppose photography was not invented then?"

OUR COMIC CHANCELLOR.—"No matter what objections to the Wheel Tax may be, the Government says, 'We'll tax you.' N. B.—Think I shall suggest a tax on puns. Why not a penny in the pound on the pun? The more you use it, the more you take care of yourselves. Yours, in great fun just now, GEO. JOKIN G."

NOT A SATIRIST.—The Right Hon. Joseph Chamberlain was so pleased with his recent trip to America, that, as has been pretty generally known, he was now in the United States.—The most natural thing in the world—as a citizen of the United States. He has chosen to do this (although denied by the Daily News) is not surprising, seeing that he is already a Unionist.

[FROM FUN.]
COMMENDABLE CAUTION.—"Miss Margold. All alone, Tommy! Well, you go and make your own way, agreeable to the ladies!—Master Tommy (satist) Well, fact is I'm not a marrying man, I'm obliged to be careful in case any little attentions on my part should be misconstrued."

DELICATELY TOUCHED.—"A customer: I mean to give you a great deal of trouble in measuring. Snipkins.—Tailor: Well, you are rather a difficult customer, sir. You see, I'm not a marrying man, I'm obliged to be careful in case any little attentions on my part should be misconstrued."

HERE'S SOMETHING ODD.
The Telegram gives this problem to its readers, but offers no premium for the solution. Put down in figures the year in which you were born, to this add 4; then add your age at your next birthday, provided it comes before January 1, otherwise your age at last birthday, multiply the result by 1,000; from this deduct 64, the residue for the figures for 1, for 2, for 3, for 4, for 5, for 6, for 7, for 8, for 9, for 0, for A, for B, for C, for D, for E, for F, for G, for H, for I, for J, for K, for L, for M, for N, for O, for P, for Q, for R, for S, for T, for U, for V, for W, for X, for Y, for Z, for AA, for BB, for CC, for DD, for EE, for FF, for GG, for HH, for II, for JJ, MARYSVILLE.

From Our Own Correspondent.
Mr. M. Stroma and wife have gone into housekeeping.
Among the recent arrivals we notice a daughter in the home of Mr. J. Carwin's home.
Mr. J. M. Kenny left on Tuesday for Rochester, N. Y., where he spends a few days with friends.
Mr. Earle, of Shannonville, is working at the station here during Mr. Kenny's absence.
Farmers are all through with seedling and about through with planting. They have had a fine cool spring for work in the fields.

KINGSFORD.

From Our Own Correspondent.
Mr. & Mrs. Adams, of Deseronto, were visiting their friends last week.
The Rev. J. W. Foster attended the Synod at Kingston last week.
Mr. Michael Jordan, who has been in delicate health for some time, is very ill.
Mr. Charles McNeill has been ill, but we are glad to learn that he is now better.
A son of Mr. Thomas Winter was nearly drowned in the Salmon river on the 10th inst. His hat blew off at the bridge. They waited into the house of his father and was caught in the current which runs very swiftly at this point. He sank twice and as he came up the second time Mr. Thomas Nash who was on the bank went out with a pole which the lad caught and thus narrowly escaped drowning.
Mr. Paul, agent for Messrs. Downey, Napanee, is purchasing large consignments of eggs for the American market.

TYNDINAGA RESERVE.

From Our Own Correspondent.
Mrs. John A. Loft has been seriously ill for some time.
Mrs. Calvin McNeill, wife of one of our tenants, is dangerously ill with that fatal disease consumption.
Some of the residents of your village forgetting that we have already received empty barrels of oil along our shore. A nuisance will not be tolerated among the Mohawks.
Our agent reports a steady increase of the Mohawk population, the pay list grows longer while the amount for each individual becomes shorter. In the year 1850 there were 525 annuitants; now over 1000.
A number of the young folks of the Reserve both white and Mohawks attend the schools in your thriving town.

READ.

From Our Own Correspondent.
The news of the death of Rev. Archibald of Toronto was learned here with deep and universal regret as his grace was well known throughout this section of country. After the death of his grace, Bishop O'Brien, Archbishop Lynch constantly visited this diocese and on many occasions held confirmation and wherever known was respected for his unvarying kindness and goodness of heart. He was a native of Clonca, Co. Monaghan, Ireland, and was born in the year 1816 thus dying in his 73rd year. His grace was an ardent lover of his native land and was at all times most solicitous for the welfare of his countrymen at home and abroad. The great work which he did for the advancement of the Catholic Church throughout this province is well known and future generations will bless the labors of the saintly prelate. Archbishop Lynch will have a monument far more enduring than brass or marble in the memory and affections of a loving and faithful people. Requiescat in Pace.

EARLY CLOSING BY-LAW.

Deseronto, May 23rd, 1888.
To the Editor of the Tribune.
DEAR SIR:—The early closing by-law seems to be the only excitement in town just now and the question is, shall the strong crash the weak or is it necessary for a few storekeepers and clerks to have to pass a By-law to teach the people of Deseronto, when they shall do their trading. Now I contend, that this is a very arbitrary. It leaves no choice for the minority and why should be compelled to close my shop just because my neighbors want to indulge themselves in their own pleasures of the small shops who find it hard enough to make a living by keeping open evenings. Another part of the law is that the same buildings and I think it is a hardship for the closing people will come and ask for goods and why should I close my shop when butler shops and barber shops can keep open. But I suppose they will have to keep open to accommodate the majority.
We have a bill to meet or taxes to pay and we are short they will not pay it for us. Now let the people of Deseronto show by withholding their trade from those shops that they know their own business. I hope Mr. Richardson who signed the Petition to close and who is also a member of the council will not cast his vote in favor of a measure so obnoxious to the people of Deseronto.
Yours truly
R. GEDDIS.

CANADA'S THIRD PARTY.

PLATFORM.

1. Righteousness and truth in public affairs as well as in private business, and no compromise with wrong.
 2. Equal rights for all creeds, classes and nationalities, but exclusive privileges to none.
 3. A national sentiment, a national literature, and in all matters of public policy—Our country first.
 4. The prompt and absolute prohibition of the liquor traffic, and the honest and vigorous enforcement of all laws for the repression of vice and immorality.
 5. Retrenchment and economy in public expenditure, with the view of reducing our enormous National Debt.
 6. Manhood Suffrage, with an educational qualification; that is, a vote to every free man of legal age who can read and write.
 7. The extension of the Franchise to Women.
 8. An Elective Senate.
 9. A Civil Service Reform.
- It is stated that Mr. Bowell will be named as the Finance Minister in the absence of Mr. Tupper, who leaves Ottawa tomorrow.

LOCAL ITEMS.

A BUILDING owned by Capt. A. Cuthbert and used for boat building was destroyed by fire at Trenton on Saturday. Loss, \$300.
The Toronto Empire, following the example set by The Tribune, is now waging war against the unsightly fence which make Canadian towns look so hideous.
The hot weather has set in, but Geddis who sells all the latest flavors in ice cream, is ready to meet the demand.
Just the place to get cooled off these warm evenings.

People complain of a great scarcity of peace and quietness in the two or three such artists could find Deseronto a good field for their operations.
Sir Charles Tupper has been appointed High Commissioner to London, Hon. George E. Foster succeeding him as Minister of Finance.

The Rathbun Company Band were the guests of the Belleville Oldfellows' Band at the picnic at Massasaqua Point yesterday. They were most hospitably entertained.

Mr. Robert Naylor laid a pair of long rubber boots on Wednesday while working at his bootshop. Any person finding and returning same will be suitably rewarded.

Mr. G. E. Skider keeps constantly on hand a splendid assortment of watches, clocks and jewelry. Every opportunity afforded to make a choice. Prices lower than elsewhere.

A stick of timber 131 feet long and 20 inches square, believed to be the largest piece turned out from any saw mill, has been sent from Puget Sound to an exhibition in San Francisco.
A Hoo Negroist. Fabulous reports still continue to come in regarding the famous vermilion mine at Sudbury. Last week a nugget was taken out weighing 999 ounces of pure gold and valued at \$2,000.

The Foot Ball Club are practising diligently every evening and Capt. Gault has his men already in good form. The Club devote a few minutes every evening to picking the stones of the common where they practice.

It is now said that the government made it too hot for Laurence and that is the cause of his leaving Canada. Sixty stoves burning 400 tons of coal and 300 cords of wood during the winter was kept going at Rideau Hall, so that he was literally roasted out. However, no one will ever miss the poor man who has boarded the steamer for his new home.

The Montreal Star published an exceedingly interesting number last Saturday, giving valuable information concerning the growth of Montreal and the extent of its business interests. The facts and figures set forth show that it is the great commercial metropolis of Canada, and in that respect it is destined to have no successful rival in this Dominion.

An annual meeting of the Napanee district of the Methodist Church was held in Tamworth this week. Rev. A. Campbell and W. B. Aylward presiding. The meeting was a success. The returns show an increase in the membership of 214. Mr. Aylward was appointed a member of the Sunday School committee.

The Queen's birthday was loyally observed by all classes yesterday. A few shops were closed. The bicycle club paraded the streets. The boys had a royal time with games, foot races, fire-crackers, etc. Driving parties and boating and fishing excursions were numerous. In the evening a display of fireworks took place on the grounds. Mr. E. W. Rathbun and drew many spectators.

The next eclipse of the Moon will occur on the night of July 22nd, and will be even more interesting than the one of Jan. 28. The diameter of the Earth's shadow will be much larger at the time in proportion to the diameter of the Moon, darkening its surface almost totally. It will take place about midnight, when the Moon will be higher in the heavens and will be visible in this neighborhood.

To arrange from present indications the prospects are now excellent for the coming harvest. Farmers say that their land is in splendid condition and the weather during the time has been most favorable. With kindly showers and the present change to warmer weather vegetation will be very rapid. A greatly increased acreage has been sown in the hay district, especially of barley and oats. The quantity of oats sown this year is said to be three fold greater than in any past year.

Mr. Foster states that "Complaints are made of a certain gentleness and leniency in the Napanee market and before the hour fixed by law, at which dealers are allowed to purchase, buy up the choicest lots of butter and other produce for shipment to the West. Perhaps the party is not aware that he is trespassing on the law, but we understand the authorities take no cognizance of it. Local dealers claim with justice that it is an unfair discrimination against them."

Hon. Mr. DEURY, Minister of Agriculture in the provincial cabinet, has entered on his duties. Several changes have been made and were transferred from the department of the Provincial Secretary to the department of the Minister of Agriculture. The license branch and audit of criminal justice accounts have been transferred to the Treasurer, and the vital statistics and immigration branches to the Minister of Agriculture.

Our Store In.—The Almonde Gazette says "Strange the many have regard. A subscriber brought in a small ad. a week or two ago, and when told that two insertions in the advertising columns would cost one dollar, he asked us to 'Just show it among the locals as an item of news,' and was thus struck to find that we charged him for that. If this idea prevailed, we would never run short of local matter."

Rev. B. B. Keefe, the distinguished temperance orator, preached in the Methodist Church last Sunday morning his discourse being of a powerful character and much appreciated by the congregation. In the evening he conducted a Temperance Service in the Presbyterian Church, which was literally packed with an immense congregation. Music was rendered by the united choirs of the Methodist and Presbyterian churches. Mr. Keefe delivered a practical and pointed address on temperance and delivered the address of the different churches on this important question.

A new time table went into effect last Sunday on the B. & Q. and G. T. Railways. The chief change is in the departure of the midnight train going east which leaves Deseronto at 12:45 a. m. The express going west leaves at 2:45 a. m.

Mr. O'Brien, of Baltimore, inspector of foreign vessels for the United States government, was in town Thursday inspecting the C. G. Quinte, Resolute and Reliance.

Intelligence was received yesterday afternoon of the complete destruction of the village of Selby by fire.

Mr. C. P. Gildersleeve, President of the K. & P. Ry., was in town on Thursday. The Salvation Army Jubilee on Wednesday evening was a grand success both in point of numbers and enthusiasm. The parade was witnessed by a vast concourse of spectators.

A lady in the east end finding her little boy in a procession of a bunch of firecrackers yesterday took them from him and to make sure of their destruction threw them into the stove. An explosion followed cracking the top of the stove, kettle, and doing other damage.

The LITTLE FAIRY CONCERT on Tuesday evening attracted a fair audience. The singing and instrumental efforts of Prof. Maudslayi and Fairy were appreciated by the audience. The selections by the Choir of the Church of the Redeemer were well rendered and cordially received.

PERSONAL.

Mr. W. Boulter, of Pictou, was in town last Tuesday.

Mr. E. W. Rathbun returned home on Tuesday morning from a business trip to New York.

Mr. M. D. Campbell has accepted a position in Charlottetown, Ont.

Mr. Robert King, of the Deseronto Flour Mills, spent last Sunday in Campbellford.

Mr. W. J. Malley is enjoying a pleasant trip of a few days in Western Ontario.

Miss Jessie Whitton, of the Kingston Collegiate Institute, has been spending this week in town.

Mr. James Burgess, of Hyde Park, N. Y., came over on the Resolute on Wednesday on her way to Belleville.

Miss Vernieva and the Misses McLaughlin, of Belleville, spent the Queen's birthday in Deseronto.

Miss Laidlaw and Miss Blaikie, of Toronto, are the guests of Mr. W. C. B. Rathbun, Bay View Ranch.

Mrs. J. H. Gardner, of Belleville, has been spending the past week visiting friends in town.

Mr. T. Brown, of the G. T. R., Napanee, is in town on Wednesday. He is slowly recovering from his recent illness.

Mr. Melbourne Martin has returned home from Napanee Mills where he has been working during the past two months.

Mr. Percy Cole, of Toronto, has entered on his duties as a member of the stenographic staff in the Central Offices of the Rathbun Company.

Mr. R. E. Stafford, of Oswego, spent a few days in town during the past week. He looks as if he returned of Oswego agreed with him.

Mr. & Mrs. C. C. French left by the Resolute last Friday evening on a visit to New York, Boston, Worcester, and other cities in the United States.

Mr. Peter Reid, of the Thousand Islands Railway, spent last Sunday in town being everywhere cordially greeted by old friends in Deseronto.

Mr. A. Barber, father of Mr. B. Barber, of the Thousand Islands Railway, died recently in Ipswich, England, aged 80 years. He was a prominent member of the Masonic fraternity.

Mr. Oscar H. Tabor, of West Macdon, N. Y., who had been visiting friends in Deseronto returned home on Monday. He was accompanied by his daughter, Miss Emma Tabor, who had been spending the winter in Deseronto.

NEWS OF THE DAY.

The Republican members of Congress have formulated a Tariff Bill.

Work has commenced on the Northwest Central railway near Rapid City.

The Papineau name has somewhat startled the authorities at the Vatican.

The London police are said to have received information of a new Clan-Na-Gael plot.

Sixteen shops and other buildings were burned in Wallaceburg, Ont., on Friday night.

Emperor Frederick has been more troubled by coughing the last two days, but his general condition remains good.

A great meeting in Phoenix Park, Dublin, Saturday endorsed the Parnellite manifesto against the Parnellite.

Mr. Gladstone has written a letter in reply to Secretary Balfour, strongly condemning the increasing of sentences on appeal.

On Saturday an amendment offered in the House by Mr. Laurier, providing for the revision of voters lists in constituencies where elections are protested, was voted down by 74 to 92.

The damage done in Illinois by the Mississippi flood is estimated at \$3,600,000.

Mr. Blaine has again stated to an interviewer that he does not want to be a candidate for the Presidency.

Mr. Gladstone has received an address from 1,200 Quakers favoring Home Rule for Ireland.

John Silver & Co., wholesale dry-goods, of Halifax, have suspended, with liabilities of about \$60,000.

John McLeod, school teacher, and Ferdinand Royle, Jr., were drowned near Killarney, Ont., on Saturday.

Hon. Mr. Laurier, has accepted an invitation to attend a picnic at Dufferin Lake after which he intends to make a tour of Ontario.

The Dominion Government promises a revision of the voters' lists for 1889, but in the meantime, in any elections that may take place, the ancient lists must be used.

John Silver & Co., wholesale dry-goods, of Halifax, have suspended, with liabilities of about \$60,000.

John McLeod, school teacher, and Ferdinand Royle, Jr., were drowned near Killarney, Ont., on Saturday.

Hon. Mr. Laurier, has accepted an invitation to attend a picnic at Dufferin Lake after which he intends to make a tour of Ontario.

The Tribune.

FRIDAY, MAY 25, 1888

Cricketing Shirts and Belts at The Big Store.
A FINE display of aurora last Sunday evening.

The County Court holds its next session on the second Tuesday in June.

A SPLENDID assortment of popular tales and other books at The Tribune office.

Mr. R. Geddis has made preparations on a large scale for the ice cream season and will be prepared to fill all orders.

Vanadium, of Smith's Block, has made a great break in the price of groceries this week. Call and be convinced.

The Napoleon Cement Works having received all their machinery commenced work again last week.

Canada has only one great city and Montreal is its name. In comparison with it Toronto, Quebec, &c., are only one horse towns.

A woman named Jane Brady was fatally injured by a passing train at Springbrook station of the Central Ontario Railway.

Another large assortment of popular books has been received at The Tribune office.

A CAR LOAD of Children's Express Wagons just arrived at Dalton's furniture warehouses, St. George street.

OUR thanks are due to the Attorney General for a copy of the Revised Statutes of Ontario, two large volumes.

Horses to the value of \$60,000 were shipped from the Napanee district to the United States last year.

REINHOLD HOLMES, of Lake Elsie, near Farnerville, aged 101 years, is the oldest man in Canada, possibly in America.

A number of unlicensed peddlers continue to operate in Deseronto and vicinity, and business men complain in consequence.

CHARCOAL kiln, number 3, at the Chemical Works has been tiled for the first time and burning will commence immediately.

MELLOW, the public spirited son of Vulcan in the west end, has joined the anti-fence society and his lot is now all the better.

One of the pressing wants of Deseronto is a foundry. An energetic man in that line of business would build up a profitable business in a few years time.

MR. WM. JAMESON, of the Empire, purchased twenty young pigs for his stock farm from Mr. James McAuley, of Londale, paying \$45 for the lot.

THE RATTAN can on a shoal over the bay on Monday and bent her shaft. Admiral Maloney finds this craft of great service in his log pool operations.

MR. W. H. HARRIS, assistant treasurer of the province, has handed in his resignation to the Hon. A. M. Ross. He is succeeded by D. E. Cameron, of Lucknow.

DALTON has received an immense assortment of baby carriages in all styles to meet the wants of the rapidly increasing population of Deseronto.

Mr. Robert Taylor, having received the permission of the council, is erecting a large coat house at the foot of Fourth street, and will keep a boat livery, thus filling another long felt want in Deseronto.

Four ill favored kids made an irruption into town on Tuesday morning and for a few minutes devastated Mill and St. George streets. Being the first cattle seen this season they were driven out without being impounded.

THE COUNCIL had not time to deal with the telegraph poles at their last meeting, but on Monday night they will order the Clerk to demand from the telegraph company. The people are a unit in their demand for the abatement of this nuisance.

EDITORS, as a rule, are kind hearted and liberal. An exchange tells of a subscriber to a paper who died and left a large subscription unpaid. The editor appeared at the grave when the lid was being screwed down for the last time, and put in a linen duster, a thermometer, a palm leaf fan and a receipt for making artificial life.

THE people of Pictou like those of Deseronto complain because the Reindeer and a number of other steamer do not advertise the hour of their arrival and departure in the local newspapers. Hardly an hour of the day passes without a steamer coming to this office to find out what hour these vessels depart. This is cheap advertising with a vengeance.

MANAGER LAKE, of the Rathbun Company's business at Pictou, is a very representative, the other day, that the company's sales from January to April, inclusive, for the present year have been largely exceeded the sales made in any previous year since the advent of the Company to Pictou, and that in the months named the sales were double of what they were in the same period last year.

MR. W. D. MCRAE, with that eye for aesthetics for which he has so long been distinguished, is preparing to lay out a lawn, plant shade trees, &c., in front of the office at the Chemical works, thus making surroundings something to be admired. In this connection we may remark that William and his estimable partner have been planting the plot adjoining the "den" and have displayed an amount of skill that a Hopkins might envy.

A YOUNG lady in town strongly objects to the proposed removal of all the front fences which spoil our streets. She says that if the fence was gone, it is for the front gate must necessarily go also, and in that event, there will be no friendly support left for her and her husband to swing and lean upon while studying astronomy.

It is no doubt, a forcible plea, but the age of sentiment is fast passing away. Young ladies are devoting less time to the study of "sonnets and odes"; far better pay more attention to culinary and other practical sciences.

Is there no remedy for this steady exodus of Ontario to the United States which is apparent in this bay district? It is painful to see so many of our best citizens leaving and of their birth to settle under a flag.

the shadow of a day.

the world's mountain.

the lifeless.

the famous one.

Ice cream at the sign of the Red Light—
R. Geddis has just received a new stock of your couches and mattresses made over at Dalton's—as good as new.
Why is the Scott Act like an Irish landlord? Because it evicts tenants—from this jail.
ICE CREAM, twenty five cents a quart, at R. Geddis', corner Main and St. George streets.
Fudge ice cream is a specialty with R. Geddis who is always found at the sign of the Red Light.
As will be seen by advt. a valuable property is advertised to let or for sale across the bay.

New neckties, white shirts, cambric shirts, unadorned shirts, and halibutan underwear, very cheap. Kerr & Wims.
MR. R. SMITH, agent of the Home Knowledge Association, of Toronto, was in town on Wednesday.

Call at the Big Store and see the new Wigwam Slippers for men, women, and children—they are nobly.
Owing to the advance in wheat and flour the price of bread has gone up and the loaf is now sold at eleven cents.

MR. D. R. McRAE will occupy the residence lately occupied by Mrs. McRae, at the corner of Dundas and St. George streets.
A splendid assortment of White Shirts, Collars, Summer Ties, in Gents' Furnishings at The Big Store.

The Toronto drummer with his satchel and shiny hat is an exceedingly familiar object on the streets this season.
JUDGE PRICE, of Kingston, says he never knew the law so thoroughly dried up as it is at present.

PRINCIPAL COLE has been elected one of the Executive Committee of the South Hastings Teachers Institute.
The best judges along Lake Ontario prognosticate that this will be a great season for fish.

THE CIBOLA was visited by hundreds of people last Sunday. The procession commenced about 6 o'clock in the morning and ended at sunset.

CAPT. MCGOWEN has received his sailing orders and the Cibola will clear for Toronto on Monday, June 9th. She will commence her trips to Niagara on June 12th.

MR. HENDERSON, photographer, Kingston, was in town on Tuesday taking views of the various establishments of the Rathbun Company, and other objects of interest in Deseronto.

BANANAS, Pine Apples, Oranges, Lemons, etc., are being sold at The Big Store at prices which are within the reach of all. Large quantities arrive each trip of the Resolute.

The choir of the Methodist Church has received several valuable acquisitions of late. It is expected that by the time the new church is opened this organization will be in a very efficient condition.

CAPTAIN TOM, the famous stallion which won the "Spartan Times" stallion race in 1887, is now owned by Messrs. Jas. E. Richardson and Caleb Marshall. He will stand during the season at his stables in Deseronto.

A number of young lads in several of the churches are wont to seat themselves near the church door and then dodge out a few minutes after the services commence. They have to be kept by their parents that they have been at church on the strength of these few minutes devotions.

MR. DAVID TAIT has gone to Pictou to act as foreman of the new marine railway in that town. Mr. Tait is a good workman and will fill his new position creditably. His family will remove to Pictou next week.

The Gilmour and Rathbun drive of logs on the Trent river contains about 300,000 logs. It is about as large as any that has ever passed down the Trent.

AN unusually large number of drunken men were seen on the streets last Sunday, bringing up recollections of the halcyon days of last summer when the Montreal riverette at work on the Cibola used to take Sunday as their principal day of carousal.

A MEMBER of one of the town lodges wishes to know if the society cannot find any letter way to advertise their meetings than by a diminutive scrawl pasted up in the post-office. It is a poor way to invite visitors from brother lodges who may happen to be in town.

MONTREAL business men are bringing local insurance companies to time by transferring their insurance business to the United States companies. By the way are not these business men the same persons who say it is disloyal for farmers and other ordinary people to have better trade relations with the United States? It makes a great difference whose ox is gored.

Mrs. C. Stafford and the other members of her family crossed over in the Resolute Monday night to Oswego, where she makes her future home. Her sons occupy respectable positions in a large saw and dock factory in that city. In common with all classes of the community we regret the removal of such a respectable resident and wish her and her family all success in their new home across the lake.

THE SCHOONER William Elgin sprung a leak Saturday afternoon, when about four teen miles out from Oswego and sunk. She was loaded with 300 tons of coal from Oswego consigned to the Rathbun Co., Belleville. There was no insurance on the vessel.

The crew were picked up by the Ocean Wave and landed at Indian Point. The William Elgin was built in Deseronto in 1871 and lately owned by Capt. James Savage. She was in a good state of repair and valued at about \$2,000.

MR. BENJAMIN TRIMMER, who lived alone in his house on Thomas street, was found dead yesterday morning. It seems that he has been ailing for some time, and on Wednesday Charles Gwynne entered his house and found him complaining of being ill. The following morning Mr. Chas. Gwynne, his neighbor, hearing no noise about the house, entered, and found the old man dead. As his body was found in a sitting position in a chair, it is conjectured that he died of apoplexy.

THE deceased was a native of the County Down, Ireland, and was for many years a cook in the employ of the Rathbun Company. He was a well known and cheerful character, and his cheerful face will be missed on our streets.

MR. JOHN JOHNSON, Inspector of Schools, spent three days this week making a thorough visitation of the public schools of Deseronto. He expressed himself very much pleased with the work done in the different departments, especially in the English, and care and energy on the part of Principal Cole and his assistants. The Inspector has sent in a written report to the school board.

The shop at one time used for purifying tar at the Chemical Works has been fitted up as a workshop for the pipe fitters of the gas works.

HORRIBLE CRIME AVERRED—Greenville, Miss. May 23.—Three horrible and unjustifiable crimes were yesterday avenged by the hanging of one white man named Graham and two negroes named Dave Moore and Willard Hall. The execution took place at Bolivia. About 2,000 people witnessed the hanging. Moore killed one of his companions during a game of dice; Hall, while drunk, killed a 15-year-old boy, and Graham killed two white men on the Sun Flower river.

The great trades' council of Toronto, representing the vast army of working men in that city, have passed resolutions unanimously approving of the early closing by-law, thus doing away with the stock argument that working men want all the evening to make their purchases. It is the worst nonsense to say that such a by-law interferes with the liberty of the subject; as if there was any law in existence that does not interfere with the liberty of some class. All such laws are passed to protect man from himself and his own selfishness. It is but natural that workmen who have secured the passage of factories acts, protection of employees acts, and similar measures, should support laws enforcing the early closing of shops.

The fence removal agitation has taken a firm hold on the public mind to judge from the expressions of approval and support. The Tribune has received from many citizens during the past week. What a bill of expense their fences are, how unsightly they all look, how many fine houses are disfigured by their presence, how many looking some districts of the town appear where the tottering, dilapidated specimens abound. A way with them, even though it goes hard against your old prejudices. Do not fear the presence of cows; owners of cattle can be held responsible for all damage done. The children will respect a neat flower bed or grass plot, so no fear on that score.

THE INCREASE which has taken place in the number of shops of late years and the competition which has been engendered thereby are rapidly removing the charge, that Deseronto is a dear place to live in. It is found that goods are now sold here as cheap as they are elsewhere. Farmers of the surrounding district have discovered that Deseronto is the very best market for their produce, since they secure ready money for all they can sell, and hence the market is very well supplied. It is now said that butter, such as it is, and all groceries are actually cheaper than they are in other towns of the district. Business men, with a few exceptions, lack skill in displaying their goods to advantage. A better class of shops is sadly needed and we are surprised that local capitalists or building companies do not erect a few blocks for shop purposes.

THE ROAD between Deseronto and Napanee met from all accounts have presented a spectacle last Sunday. The number of drunken persons appears to have been unusually great. The majority were chiefly young lads from fifteen to eighteen years of age belonging to Napanee. These lads crazy with drink could be seen lashing and racing the lively horses and making the neighborhood resound with their shouts and cries. There is surely some law in this section of Canada to suppress such riotous conduct. The Lennox and Deseronto authorities should take the matter in hand. The quiet of the Sabbath should not be disturbed by such rowdies.

Some people were afraid to drive into town last Sunday evening to the different churches in case of being run into by these young rascals. The persons who entrust horses to the care of such irresponsible parties are if anything worse than they.

ON Whit Sunday S. Mark's Church was attended by large congregations. In the morning the services were conducted by Rural Dean Stanton who preached a sermon appropriate to the occasion. The musical portion of the service was very well rendered and included Bridgewater's *Te Deum* and *Adagio*, and C. H. Gounod's anthem "Send Out Thy Light." The solos were taken by Miss Anderson and Mr. H. Fowkes who performed their difficult task admirably.

At the evening service Rev. Robert Atkinson, of Milford, was the preacher. The musical selections were Bridgewater's *Credo* and Gounod's hymn "Send Out Thy Light." The solos were admirably rendered by Miss Scott. Mrs. Hillman presided at the organ at both services with her well known ability. The church was neatly decorated with flowers, and when lit up at night looked very handsome.

Some English newspapers are crying out that England is no longer Christian since the Oaths Bill has passed. That cry is old. It was heard when the Test and Corporation Acts were abolished. It was again raised when Roman Catholics were admitted to Parliament, then when the Jewish Disabilities were removed the same howl was heard again. The fact is that a country is Christian only as it is peopled by Christians, and no amount of oaths will keep unprincipled men from overleaping barriers to honor and power. No doubt there were plenty of hypocrites in the House of Commons who readily swallowed the oath which Bradlaugh refused, and very likely when the measure reaches the House of Lords it may be thrown out by men of as unbelieving hearts and flagitious ways as any that could be picked off the streets of London on a summer day.

THE music in the May issue of *North's Philadel Music Journal* will be found especially interesting inasmuch as there is something to suit all tastes. The beautiful song and chorus, "Sweet Rosalie," by J. Ford, author of the well known "Will You Love Me When I'm Old," will surely please all who are fond of a sweet and flowing melody set to words brim full of pure sentiment. The "Maiden's Wish" by Henry B. Mauley and the "Dance of the Elves" by Thomas O'Neill, will find favor among all who enjoy comparatively easy and yet interesting instrumental music. The "Barcarole," by J. Low, and the "Andante in G minor" by Mendelssohn are each classic gems which will be appreciated by all who are striving to cultivate a taste for the highest grade of music. Altogether the music issued in this number is worth more than is asked for an entire year's subscription, and is but a fair specimen of the musical contents of the twelve numbers. The letter press portion contains a portrait and sketch of Mr. Fred T. Baker, the eminent composer, and the usual amount of articles of value to interest to music teachers and pupils.

Every person subscribing to the *Journal* previous to July 1st, 1888, will receive \$2.00 worth of sheet music as a premium. Subscription, \$1.00 a year; specimen copy 10c. Address, *North's Musical Journal*, 1308 Chestnut St., Philadelphia, Pa.
